COVID-19 Informations

Even people who have received the two vaccine doses can have or transmit COVID-19. If you have been potentially exposed or have symptoms, please do not attend the course.

Vaccination is no longer mandatory for workers in the health and social services sector.

Situations you may experience before your arrival for your internship

**Situation 1** - You are presently working in a healthcare facility and taking care of patients with COVID-19 or suspected of having it. What should you do?

- Inform your educational institution and internship supervisor if you are working in an outbreak area;
- The internship supervisor will explore with you an internship schedule to avoid moving from an outbreak area to your internship setting;
- Call the COVID-19 telephone line for CIUSSS employees at (514) 731-7343, Monday to Friday 8:00 a.m. to 5:00 p.m. / Saturdays and Sundays 9:00 a.m. to 5:00 p.m. to explain your situation.

**Situation 2** - In the past 14 days, you may have been exposed to COVID-19 in any situation (employment, family, other internship, social event, outbreak, or others). What should you do before you start your internship?

- Inform your educational institution and your internship supervisor;
