Opening conference (6:30 pm - 7:15 pm)
Hospital@home: Bringing care everywhere

Guest speaker: Erin Cook, MSN, Associate Director of Quality, Transformation, Evaluation, Performance and Ethics, CIUSSS COMTL

The CIUSSS West-Central Montreal has developed the very first Hospital@Home program in Quebec. The program allows some hospitalized patients to continue to recover in the comfort of their own homes, knowing that their condition is being monitored and treated remotely by health care professionals.

Hospital@home is just the beginning of a transformation towards more virtual care. Are users ready for this change? Join the conference of Erin Cook, co-responsible for this program which was awarded the Hippocrates Prize in 2022 in recognition of the innovation of a team of interdisciplinary professionals in patient care.
