Hematology Patients

Your Diagnosis: _____

Your treatment: _____ every: _____

Physician: _____

In case of fever, defined as oral temperature $\geq 38.3^{\circ}\text{C}$ (101F) or $\geq 38.0^{\circ}\text{C}$ (100.4F) for more than an hour:

Call your primary nurse on E8 (514-340-8222 ext 5529) if during working hours (8h – 16h) or call 514-340-8232 and ask to speak to the hematologist on call if afterhours (evenings, nights, weekends and holidays).

If you have not yet met your primary nurse, call Chantal Cloutier (514-340-8222 ext 3191) during working hours (7h – 15h) or call 514-340-8232 and ask to speak to the hematologist on call if afterhours (evenings, nights, weekends and holidays)..

If diagnosed with acute myelogenous leukemia, call Chantal Cloutier (514-340-8222 ext 3191) during working hours (7h – 15h) or call 514-340-8232 and ask to speak to the hematologist on call if afterhours (evenings, nights, weekends and holidays).
