Albert's

Good Furniture

YOU who love Furniture true to the period will be delighted with these new arrivals in fine Dining Room Furniture.

When you buy Period Furniture here you can rest assured that it will not "go out of style," as each and every suite represents a true and tried furniture period.

Albert's prices are in most instances as low as the prices asked elsewhere for furniture that is neither true to the period nor lasting in quality.

We invite you who are not familiar with this interesting store to pay us a visit and see for yourself the values offered by

To the Board of Directors and the Members of the
Hebrew Maternity Hospital.

Ladies and Gentlemen:—

In presenting to you the Annual Report of this Institution which has completed the fifth year of its useful activities in this community, it is gratifying that I can review with you the good work accomplished up to December 31st, 1919.

On April 14th, 1918, your present Board of Directors took over the management of this Hospital, and while on January, 1919, at a special General Meeting we laid before you the work we had accomplished until then, we had to wait until now to give you a more full and concise report.

The Board of Directors found on entering upon its duties in April, 1918, that with the financial deficit handed us and with its lack of space for more room to accept all applicants for admission, to firstly find ways and means to strengthen our financial position and provide more accommodation to put the Hospital in a position to carry out the project it was intended for by its founders.

Our work was hampered through the influenza epidemic and complying with the regulations of the Board of Health, we were forced to close the hospital during October and November and the greater part of December, 1918.

After having put our finances in shape and raising funds to pay off our deficit and have sufficient means to carry on the active work, we also cleared off the four mortgages which were on the building, and I am pleased to state to-day that the building is free of all encumbrances including its equipment.

In April of last year it was of the utmost necessity to carry out our intentions of providing more space and the opportunity presented itself of leasing the next door building, and having done so, we made alterations suitable for our requirements, and we had to close the hospital during the months of May and June to allow repairs to be made. Now, through this Annex we have made it possible to gain eight more beds, partly used for semi-private and accommodation for our Staff, which we never had before, besides having a more suitable kitchen which is carried on strictly Kosher and we also provided for a Birthing room.

Still true to our original plans to make this institution the first Jewish Hospital in Canada a credit to our Jewish community in the city of Montreal, we laid our plans for a Building Fund Campaign, and with the support of my Board of Directors and the never to be forgotten co-operation of our most zealous members, and good friends, we launched in January, 1919, our Building and Membership Campaign, and after two weeks' hard work we succeeded in raising subscriptions of \$48,126.25 and 744 new members with subscriptions equalling \$5,781.00 and 39 Life Governors with subscriptions of \$3,900.00, or a total of \$57,829.25, and our sincere thanks are due

to all the workers who helped to make this campaign a success. There is considerable money outstanding from this Campaign. We gratefully acknowledge the subscriptions given to our Campaign by our non-Jewish friends who so nobly helped this humanitarian cause as our Hospital is non-sectarian and our doors are always open to everyone who requires treatment if accommodation permits.

I must specially request our members and good friends to use their influence wherever possible to try and obtain Endowments towards our Hospital by legacies or otherwise to endow beds in memory of their dear departed and also donate towards our equipment when we have our new Hospital ready.

Here, I may state that owing to the high cost of building material our building fund, if all collected, we find, is not sufficient to put up a modern hospital as anticipated with accommodation for forty to fifty beds, and therefore, I still look to our supporters and good friends to try in every way possible to raise more money towards this fund.

At the present time we are negotiating for a building site in the proper location which we find very difficult to secure, as we wish to have our hospital erected in such a location where it is convenient and most suitable for our people.

Our financial statement shown by our Treasurer will give you at a glance an idea of the high cost for the upkeep of an institution like ours, and while with the most economical management we still show a deficit which comes about through providing more accommodation and the high wages we have to pay for nurses, coupled with the increased price of the cost of living, and I trust that our members will subscribe sufficient to cover this deficit or find other ways and means of doing so.

During the Campaign of the Jewish Federation of Philanthropies an invitation by the Ways and Means Committee of the Federation was sent to the Board of this Hospital to consider the advisability of the affiliation of this Institution into Federation, and accordingly we appointed a Committee of five members of the Board to meet this Committee and a discussion ensued as to the advisability of the Hospital entering into Federation under the autonomous principle that each institution attends to its own affairs and after due consideration the matter was left in abeyance that when such occasion should arise only the members of our Institution could give their decision on such an important matter.

Owing to our anticipation of building a new Hospital we require a change in our Provincial charter and automatically in our By-laws, which when completed will be submitted to you for approval.

During the visit of His Royal Highness the Prince of Wales, to this city, a reception was tendered to His Royal Highness by the Jewish citizens of Montreal at the Baron de Hirsch Institute and your President was invited to represent your Institution.

It is our intention that after this annual meeting we shall form

in conjunction with the Hospital a Ladies' Auxiliary with a full Board of ladies as directors, whose duties shall be to carry on the Fore and After care work, which will consist of social work in all its branches, advice to patients and their families, at home. After care work, which is needed after patients are discharged, pure milk supply to reduce infant mortality, visiting the Hospital at regular intervals, and no more elevating work can be done by our ladies, as it was said, by Professor Williams, of Johns Hopkins University, that "all charity work of the future will start at the Maternity Hospital."

For the statistics of the Medical work, I have to refer to the report of our Medical Director, Lieut.-Col. M. Lauterman, M.D., upon whom rests the responsibility of everything connected with the medical care of our patients and consequently the work of our Institution, which reflects the greatest credit to himself and deserves the admiration and thanks of the members.

To our chief Accoucheur, Dr. H. R. Dunstan Gray, whose constant and unwavering attention to the work of our Hospital and who endeavoured to make our Institution equal to any on this continent, your Board is greatly obligated for his valuable services.

We cannot give enough praise to the other members of the Medical Staff who have so faithfully attended to their duties and their burden was lightened by the medical director engaging Dr. N. Freedman as resident assistant Accoucheur, who since last June, has done very good work in our Institution and his services deserve our gratitude.

Last September we engaged the services of Miss Clara Echenberg as lady superintendent, and with her splendid training in the Mount Sinai Hospital in New York, she has fitted herself credibly with the position she occupies in our Hospital and the kind disposition she has shown towards every patient and with her assistant, Miss Fanny Cantor and an efficient staff of nurses carries on the work most admirably.

The thanks of this Board is due to our Hon.-Solicitor, J. A. Budyk, B.C.L., for his services rendered and to our Honorary Notary, Mr. Isaac Kert, B.C.L., who had a lot of work for the Institution the past year, and we hope they will also in future, carry on the same good work.

We have to appreciate the great assistance given to us in providing sewing and linen by the Temple Emanuel Sisterhood, the Spanish and Portuguese Sisterhood Sewing Circle, and the Peerless Sewing Circle, and at times their assistance was absolutely needed. We cannot praise their support enough.

The Board also wishes to remember the kind friends who have during the year made donations in money and in kind and hope that they will continue to do the same during the year.

My personal sincere thanks are due to every member of the Board of Directors, with whom I have found our united work to be a pleasure as all our aims are to succeed in our endeavours and to

attain our objective and make this institution a model Hospital in the city of Montreal.

In conclusion, I trust, that the incoming board will carry on the work for this Institution as commenced by the present Board so that we will be in a position to be able to open the doors of our new Hebrew Maternity Hospital to cope with the demands made on us, so that the time may come when we shall be able to omit from our reports from future years the need of rejecting worthy cases as has been the rule the past year, and that we can help to carry on the noble work entrusted to us by our predecessors and the founders of this Institution.

Respectfully submitted,

M. MARKUS,

President.

MEDICAL REPORT

To the President, Officers and Members of the Hebrew Maternity Hospital,

Gentlemen:

In submitting the medical report of our last year's work, I trust you will permit me to mention the very great satisfaction that is felt in the work of the medical and nursing staff of the hospital who have by their unselfish devotion to duty under difficult and trying conditions given us results that, as far as my knowledge, have not been equalled by any similar hospital in Canada or elsewhere.

I look forward to the future when we shall have our new hospital with every confidence, realizing as I do that the only limit to the good we can do is the limitation due to the capacity of our hospital. Our greatest regret is that we have been unable to serve all who have applied to us, for this reason, and for this reason only in this connection, our thanks are especially due to our accoucheur-in-chief, Dr. H. R. Dunstan Gray, Miss Echenberg, our lady superintendent, and Dr. Freedman, our resident medical officer, who in addition to their duties in hospital, assumed the work of caring for the patients that could not be accommodated in our already over-crowded wards, at their own homes.

MAXWELL LAUTERMAN, M.D.

Medical Director.
