H. LACHARITE, B.A., M.D.

Clinical Assistant:

JOSEPH BLOOM, B.Sc., M.D.

REPORT OF THE PRESIDENT

TO THE GOVERNORS OF THE JEWISH GENERAL HOSPITAL:—

ON behalf of your Board of Administration I have the honour to submit for your approval the Fifth Annual Report for the year ended December 31st, 1938.

Each year the report of the Hospital's activities adds another chapter to the history of achievement by our Jewish Community. The record of our work for the year under review will bring satisfaction to all who are interested in its welfare and evoke a feeling of justifiable pride on the part of those who shared in its accomplishment.

In this report, I shall touch only upon the highlights of the year's activities, while statistical and other information of interest will be found detailed in the Superintendent's Report.

The volume of service while continuing to grow in all classifications showed its greatest increase in the public wards. During the year it was again found impossible to meet the demands for public ward beds, large numbers of patients being forced to await their turn for admission. On frequent occasions the same was true in the case of our private and semi private accommodations. The Out-Patient Department, with a substantial increase over the previous year, rendered its services under difficulty because of lack of adequate space.

This increased volume of work has taxed our facilities to the utmost and it must be pointed out that further increase is not possible without physical expansion. There can be no question of our need for more space, and if I am not recommending immediate expansion, it is due entirely to our feeling that the time is not now economically opportune for launching such a program. I feel confident, however, that when there is a clearing of the economic horizon, our Community will give full support to the growing needs of our Institution.

A review of the work reveals that we have devoted a very generous portion of our services to the care of the underprivileged. Of the 60,475 days of treatment given during the year, 40,874 days were given to patients in the public wards. Then there were 32,350 visits made to the Out-Patient Clinics by patients who could not afford the services of private physicians. It is therefore not unexpected that as a result of this liberal service our Hospital should show a deficit which for the year totaled \$54,121.94. This extremely moderate sum which is somewhat lower than the deficit for last year due to special circumstances referred to in the Superintendent's Report, represents in terms of service a tremendous contribution to the welfare of our City and Community.

The position which the Hospital occupies and the high regard in which it is held in scientific and professional circles are largely due to the efforts of the Medical Staff and we are happy to pay this tribute to their loyal and devoted services. We are indebted to the Medical Board and to Dr. F. G. Finley, its chairman, for the effective manner in which they guided the professional work of the Hospital.

I should like here to refer to several changes in the Medical Staff which were made during the year. The Sub-Department of Urology operating under the Department of Surgery, has been given the status of a separate department and Dr. Max Ratner was appointed Chief of Service and a member of the Medical Board. We are happy to give this recognition to Dr. Ratner who by his able work and keen interest has contributed so much towards the growth and development of the Department.

During the year Dr. J. R. Fraser and Dr. R. R. Struthers honoured us by becoming members of our Consulting Staff. We are fortunate to have been able to enlist physicians of such eminent attainments in the work of our Hospital.

It is with deep satisfaction that we are able to report that the scientific development of our Hospital continues to show gratifying progress. In the conduct of our Hospital we meet not only the needs of our patients but we serve as a center for the advanced education of our physicians. Weekly Clinical-Pathological, X-Ray and other departmental Conferences are held and well attended. A recently inaugurated Tumor Conference, participated in by specialists representing every branch of medicine and surgery, studies all cases of suspected tumor in order to establish the diagnosis and prescribe and carry out the most efficacious form of therapy. On frequent occasions the Lecture Hall is the scene of Medical meetings at which prominent medical figures deliver lectures. Outstanding among these was a lecture by Professor Harry Goldblatt of Western Reserve University, Cleveland, given under the auspices of the Montreal Clinical Society, on the occasion of the first anniversary of the death of Dr. Louis Gross. The Lecture was one of the most important given on a medical subject in our city and was delivered before a capacity audience which included many of the City's most prominent physicians. Professor Goldblatt dealt with his work on the experimental production of hypertension, an original contribution which received world-wide acclaim and recognition as being the most important recent advance in the study of this disease.

During the year a Clinical evening was held when cases from the wards were demonstrated and exhibits of interesting material were displayed by the Department of Laboratories, the X-Ray Department and the Department of Haematology. A large audience of physicians including many from the staffs of other Hospitals showed interest in the demonstration. Research work goes on in all Departments and members of the Staff continue to contribute to the Medical literature. These and many other activities assure our patients an excellent standard of professional care and bring added recognition to our Hospital.

The Women's Auxiliary again distinguished itself by its many activities which contributed to the welfare of our patients. The limits imposed by a report of this nature make it impossible to even touch upon the manifold activities of this dynamic organization. I earnestly refer you to the Annual Report of the President of the Auxiliary which will be found published in our Annual Report for a detailed record of its contributions. I want to express however inadequately, our deepest gratitude to the President of the Women's Auxiliary, Mrs. Alton Goldbloom, for her untiring and devoted interest in the welfare of our Hospital and of the patients it serves. Our grateful appreciation is also due to the Executive, Board, Committees and membership at large of the Auxiliary, for their understanding of our problems and generous assistance in their solution. The invaluable work of the Women's Auxiliary has established it as an indispensable arm of our activities and as each year goes by their record of accomplishment and contribution brings increasing benefits to our patients and reflects growing credit and honour to the officers and members.

I regret that our Campaign for Maintenance last year failed to reach its objective. I cannot emphasize too strongly that liberal support from all sources is essential if we are to meet the growing demands on our services. I cannot leave this subject without expressing our heartfelt thanks to all those who bestowed their benefactions on our Institution and to pay tribute to all who participated in our Campaign for funds. I particularly want to express our deepest appreciation to Mr. E. G. F. Vaz, Executive Director of Federation for his voluntary services as Campaign Director. The recurrent and ever-increasing demands made upon the energies of this loyal and public-spirited group of workers by the multiplicity of Campaigns, represents a situation which is rapidly becoming intolerable and we feel that some effort to consolidate the many appeals must soon be considered. Surely a community as highly and efficiently organized as is ours can find some solution towards the elimination of a situation which threatens its stability. Preliminary discussions of an informal nature have already taken place and it is to be hoped that further study will lead to a satisfactory solution.

In the operations of our Hospital the Committees of the Board of Administration assume the responsibility for important phases of its work. I wish to express my gratitude to the chairmen and the members of the respective committees for the intelligent and constructive manner in which they carried out their assignments. To my fellow officers and to the members of the Board of Administration and Board of Trustees I express my heartfelt thanks for their interest and co-operation.

The Hospital is a community project and its existence and ability to render services is dependent upon many factors. Important amongst these is the generous support which is given us by the Province of Quebec and the City of Montreal for the payment of indigent patients. We acknowledge with gratitude their contribution and ever willing co-operation. The Press has contributed greatly towards the public's better understanding of our functions and needs and we thank them sincerely for their valuable assistance.

The growth of the Hospital's work has brought with it more frequent situations requiring legal counsel and advice and we are indebted to Messrs. Weinfeld & Rudenko and to Mr. Chas. Gavsie for their gracious and generous help in these matters. Our thanks are due to Mr. H. E. Herschorn for notarial services and to Messrs. Mendelsohn Bros. for their services as Customs Brokers.

I desire again to remind the Governors of the Hospital that theirs is the responsibility of making our Hospital better known to our subscribers, contributors and the public at large. No opportunity should be overlooked by them to become better acquainted with the Hospital in order that they may have an intelligent understanding of its needs. We should like to see a greater number of Governors taking advantage of the opportunity to inspect the Hospital as Visiting Governors.

In referring to our Endowment Fund which to date totals the modest sum of \$5352.50, we wish to make grateful acknowledgment of the following sums received during the year.

Estate of the Late Mr. and Mrs. Lazarus Goldstein—\$500.

Estate of the Late Mr. Hirsch Lande—\$50.

Children's Nursery Fund of the Women's Auxiliary—\$500.

I again want to stress that a Hospital's ability to expand scientifically depends not so much on operating funds secured by annual subscriptions but more on substantial Endowment Funds. To those who seek perpetual dividends from their investments—dividends declared in terms of repaired lives and the "Healing of Humanity's Hurt"—the Hospital offers a unique opportunity! The needs of the Hospital are many and I need only mention a few to demonstrate what an unusual opportunity each presents for the perpetuation of the name of one who is loved and dear to us! Additional Laboratory facilities are an urgent necessity. A Nurses' Home is one of our important needs. A comprehensive Medical Library is the basis of scientific development. There are other important needs which Endowments can achieve and I appeal to all our Governors to help us by disseminating this information.

During the year we were fortunate to have received from the family of the late Dr. M. L. Ship, Dr. Ship's Medical Library. We acknowledge with gratitude this expression of interest in our Institution.

The establishment of "The Harold Fischel Memorial Library" by the Upsilon Lambda Phi Fraternity in memory of the late Harold Fischel, provided a most useful addition to our Children's Department by making available an abundance of reading matter for children of all ages. We desire to give expression of our appreciation to the members of the Fraternity and to Mr. Leon H. Fischel for their thoughtful generosity.

We have had a busy year and the large volume of work was ably guided and effectively carried out by the Executive personnel and the department heads. I wish to express our deep appreciation to Mr. S. S. Cohen, our Superintendent, who directs the Hospital's work and takes such keen interest and pride in its accomplishments. Our grateful thanks are due to the entire staff, lay and professional for the efficient and loyal manner in which they executed their respective duties.

We who are so intimately associated with the Hospital can perhaps feel its tremendous importance better than we are able to express it. We have watched it grow and observed its scientific development. Our sick have been provided with a house of healing, equipped, staffed and administered according to the best traditions of hospitalization. Our physicians have been given an opportunity to work and learn in an ideal and unrestricted atmosphere. The happy union of these factors has resulted in creating an Institution which in less than 5 years has attained a position comparable to that of Hospitals many times its age. In the attainment of this enviable record we have done much towards advancing the standing of our Community. The hundreds of patients of other faiths who received treatment within our walls, are concrete evidence of our desire and readiness to assume our share of the City's hospitalization with our services available to all, irrespective of race, creed or ability to pay. The discharge of this obligation has gained for us new friends and greater prestige, but has also placed on us a greater responsibility . . . a responsibility which can only be met by adequately maintaining our services. Let me say again, with renewed emphasis, that the great humanitarian effort represented by our Hospital is a cause which deserves—indeed, demands—the financial support of each and every member of our Community. The maintenance at the highest standard of the services of our Hospital and the prestige of our people are inseparably linked and interrelated and must be cherished and safeguarded as our most prized possessions.

Respectfully submitted,

ALLAN BRONFMAN,
President.

JEWISH GENERAL HOSPITAL OF MONTREAL

AUDITORS' REPORT

MONTREAL, MARCH 16TH, 1939.

BOARD OF ADMINISTRATION, JEWISH GENERAL HOSPITAL,
Montreal, Quebec.

Gentlemen:

We have audited the books and records of the Jewish General Hospital for the year ended December 31st, 1938, and are now pleased to make our report.

We attach hereto the following:

BALANCE SHEET as on December 31st, 1938.

STATEMENT OF INCOME AND EXPENSE—HOSPITAL OPERATIONS, for the year ended December 31st, 1938.

SUMMARY OF EXPENSES—HOSPITAL OPERATIONS—for the year ended December 31st, 1938.

STATEMENT OF NON-OPERATING INCOME—for the year ended December 31st, 1938.

RECONCILIATION OF CAPITAL ACCOUNT—December 31st, 1938.

We have examined vouchers for all disbursements and have verified all bank transactions. Bank balances have been verified by means of certificates from your Bankers. Cash on hand, cheques and notes, have been duly verified and checked. Securities have been checked with your depositaries. Inventories are shown as per figures supplied by your Superintendent.

Investments in bonds, shown on your books at a value of \$28,435.75, are represented by the following items:

	<i>Par value</i>
Dominion of Canada—Conversion Bonds—1959.....	\$25,000.00
Canadian Pacific Railway.....1944.....	3,000.00
Wood Products Limited.....1940.....	1,000.00
Elm Ridge Country Club Inc.....1943—book value.....	1,000.00

Included in your Balance Sheet is an item of \$880.85 representing Bills Receivable on pledges to the Building Fund, as well as \$2,547.23 for pledges receivable on the 1938 Maintenance Campaign. The majority of the payments on these two accounts are being met at maturity. In respect of the item of \$11,269.38 consisting of past due notes and cheques covering pledges on the Building Fund, as reported in our previous statements, this account shows only minor reductions during the year and would appear to be of doubtful value.

In addition to liabilities as shown on your Balance Sheet, there is a deferred liability of \$20,700.06 for expropriation taxes to the City of Montreal. This amount is payable, plus interest in fourteen annual instalments.

Your statement of Income and Expense on Hospital Operations for the year 1938 shows a net operating loss of \$54,121.94.

Net non-operating income for the year 1938, represented by contributions to 1938 Maintenance Fund, investment income, donations, memberships, etc., amounted to \$50,310.21.

Net Receipts from pledges to the Building Fund during the year 1938 amounted to \$6,453.30.

Subject to the foregoing, we certify that the attached statements correctly set forth the position of the Jewish General Hospital as on December 31st, 1938 and the operations for the year ended December 31st, 1938 according to the best of our information and the explanations given us and as shown by your books and records.

We must express our appreciation to your Superintendent Mr. S. S. Cohen, to Mr. M. Segal and to Mr. Frederick M. Goldstein and the rest of your office staff for the assistance and co-operation rendered to us during the course of our audit.

Respectfully submitted,

I. BLACKMAN & CO., *Chartered Accountants.*

BALANCE SHEET, December 31st, 1938

ASSETS

CURRENT ASSETS:

Investments—Bonds, Book Value.....	\$28,435.75
Bills Receivable—Pledges not due.....	880.85

REPORT OF THE SUPERINTENDENT

MR. ALLAN BRONFMAN, PRESIDENT,
JEWISH GENERAL HOSPITAL.

Sir:—

I HAVE the honour to submit for your approval the Fifth Annual Report of the Superintendent for the year ended December 31st, 1938.

Although from our report for last year, any further considerable increase in the volume of our services did not seem likely, we are nevertheless again able to record growth in all phases of our work. In reviewing our activities of the year, we find that we rendered the largest service in the history of our Hospital with a record of 4,584 patients treated or 225 more than last year. The days of treatment increased 5,380 days over last year and reached the unprecedented total of 60,475 days. Public ward patients again constituted the greatest proportion of our services by accounting for 40,874 days of the total. The situation with regard to public patients has become acute with a greatly increased number of patients seeking admission for whom there were no accommodations. This represents a problem which can only be met by addition to our present facilities, as our occupancy in the public wards remained almost constantly at 100% throughout the year.

The number of private and semi-private patients has on occasion reached capacity proportions and not infrequently was there a waiting list for accommodations in these classifications. The average daily occupancy was 165 patients as compared with 150 for last year. While the problem of meeting the demands from public patients requires most urgent consideration, there is ample indication that the volume of all our services has become too great for our present facilities. This will become more evident as the work of the various departments is touched upon later in this report.

The number of patients treated in the Out-Patient Department again shows an increase. There were 32,350 visits made during the year or 3,458 more than last year. Almost 50% of those attending clinics were not able to meet the nominal charges set for patients in this class and consequently received free examination and treatment. The frequently crowded condition of the clinics here too emphasizes the need for additional space.

The statement of Revenue and Expenditures shows a total operating expense of \$267,376.98, while the revenue for the period totaled \$213,255.04, resulting in an operating deficit of \$54,121.94. The revenue shows an increase of \$12,657.00 over that for last year, and is accounted for by the treatment of a greater number of paying patients. Expenditures were \$8,725.43 greater than last year due to additional staff and increased cost of supplies. The operating deficit was \$54,121.94 as compared with \$58,053.01 for last year. This extremely low deficit, which under normal conditions would be somewhat higher, is the result of operating the Department of Laboratories on a reduced bases prior to the appointment of a full time Director in July of the year. Mention is made of this so as not to leave you with the impression that the deficit for this year is to be taken as an indication for future years. The Department of Laboratories has from July 1st resumed full operations and this will be reflected in its budget for next year. It is of interest to note that the volume of work increased more than 10%, expenditures increased only 3%, while the income was greater by approximately 6% over last year.

The cost per patient day was \$4.42 as compared with \$4.69 for last year. This is a gratifying reduction when we consider that there was no compromise with the high standards of care given to our patients.

The increased activities of the Hospital have of course placed greater responsibility on the members of the Medical Staff, each of whom contributed to our fine record of service. The Medical Board under the chairmanship of Dr. F. G. Finley, has by its direction of the professional policy of the Hospital,

co-ordinated the work of the various departments and helped achieve a smooth functioning organization. Although a detailed analysis of each Department is not possible in this report, brief mention of the highlights of some should prove of interest.

The Surgical Department with 132 more admissions than last year treated 1,008 patients on its wards. This greater number of patients resulted in an increase in the number of operations and of all surgical procedures and placed heavy demands on the time of the Surgical Staff. The work under the direction of Dr. Mark Kaufman, was carried out creditably and the results obtained were gratifying indeed.

The Department of Medicine under the direction of Dr. Finley, treated 736 patients during the year, and while this represents a decrease of 15 patients from last year's figure, the work of the Department was actually greater because of increased demands for consultation from other services. It is significant to note here that the decrease in the number of patients in this department is not due to lack of applicants but is a reflection of the great pressure under which our Hospital is operating. This situation is the result of our having to select patients from the large waiting lists on the basis of their urgency, with the acute surgical cases usually getting the preference, hence the increase in the number of surgical patients and the decrease in the medical cases.

The establishment of Urology as an independent department is the outgrowth of the continuously increasing work of the Department. The results achieved by the Staff of the Department merit this recognition.

The Department of Obstetrics and Gynaecology had an extremely active year with a record of 750 births or 80 more than last year. This represents a daily average of 2 births throughout the year with as many as 10 being recorded in a single 24-hour period. The continuous increase in the work of this Department requires additional facilities for the newborn and plans for the enlargement of the Nurseries have been made. The work, which will be carried out with the funds provided by the Women's Auxiliary, will make our nurseries amongst the finest and most modern in the entire City.

All Departments participated in the increased work of both the in-door and out-door services. To the Chiefs and their respective staffs is due our grateful thanks for their co-operation.

The Department of Laboratories under the direction of Dr. M. A. Simon, has been re-organized in order to meet more fully the demands of the Clinical Departments. The appointment of Dr. H. Lubinski as Bacteriologist rounds out the Staff of the Department and provides an important addition to our diagnostic facilities. The greater number of patients treated is reflected in the work of all departments, and the Laboratories, which were assigned inadequate quarters from the very start are now particularly pressed for space. The work is carried out under such difficulty as to make expanded laboratory facilities our first and most urgent need. The work is well organized and there is proper co-operation between the Department and the Clinical Staff. It is regrettable that lack of adequate space restricts the usefulness of its excellent organization.

The X-Ray Department showed an increase in its activities proportionate to the greater number of patients treated. There was an increase of almost 1,000 cases radiographed while the number of patients undergoing treatment with deep X-Ray was nearly doubled. This marked increase has caused the department to work under difficulty with personnel and equipment being taxed to the utmost.

All Departments shared in the responsibility of caring for the increased number of patients. More patients treated results in more operations, more X-Ray examinations, increased and more complicated laboratory examinations; more meals served and more numerous special diets; more linen washed; more visitors and more traffic and consequently greater demands on the House-keeping Staff. In fact every employee of the Hospital's staff of 200 shared in caring for the additional load. To the Department Heads and to the members

of their staffs, I wish to express my thanks and appreciation for the part each played in maintaining our established tradition of efficiency without sacrificing the human touch.

To the Nursing Department falls the difficult task of providing for the ease, comfort and physical needs of the patients. Our nurses have given uniformly good care and have done so cheerfully and gladly. Labouring long and arduously their task is made more strenuous by our inability to provide residence for them. A Nurses' Home would not only make their plight easier, but would reflect itself in even better care to our patients.

The Women's Auxiliary again made notable contributions towards the domestic and scientific branches of our Hospital. Linens in abundance were made available throughout the year while such homelike necessities as drapes and curtains were also provided. To detail all the contributions would require more space than is available to me. I feel however, that I must refer to one contribution which eclipses in importance many others. The establishment of a micro-photographic department was made possible through funds provided by the Auxiliary. The equipment includes apparatus for clinical photography, micro-photography, and micro-projection, and has met a most important need. Its availability has been a tremendous stimulus to the scientific work of the Hospital. Funds were also voted for the purchase of photo-colorimeters, apparatus for determining by colour the quantity of certain chemical constituents of blood and other fluids. The Life-Saving Fund continues to provide blood transfusions, special nurses, insulin and other costly procedures to our many poor and desperately ill patients. The planned reconstruction of our nurseries will be financed by a special grant from the Auxiliary. Then, of course, there are the service groups which sew, make dressings, supervise collection of bottles and other activities too numerous to even mention, all of which contribute to the proper functioning of our Hospital. I wish to express my own deep personal appreciation to Mrs. Alton Goldbloom, President and to the Officers and Committees with whom it has been my privilege to work in the interests of our Institution. To the membership at large are due our thanks and admiration for their constant interest in our work.

Our physical plant, despite the strains of capacity utilization is showing no signs of unusual wear. To the House and Purchase Committee under the chairmanship of Mr. David Kirsch is due full credit for the supervision of this branch of our work. I am indebted to Mr. Kirsch and to the members of his committee for their splendid co-operation and practical assistance.

The operation of our farm has become an established part of our activities and again served to provide us with a full year's supply of the commonly used vegetables. Surplus commodities were canned and preserved thereby making our dietary department independent of rising market prices for these articles. The savings accruing from this project are reflected in our low food cost.

I desire to express my thanks and appreciation to the Officers and members of the Board of Administration and Board of Trustees for their co-operation.

Permit me to convey to you Mr. President, how much your interest and active participation in the work has meant to me by way of inspiration and practical assistance. It is a pleasure for me to have this opportunity of acknowledging my gratitude to you for the constant and continuous co-operation you have given me.

In concluding this report I should like to leave with you, the assurance that in the operation of our Hospital, thrift, industry, economy and integrity will continue to guide us, just as these cardinal virtues direct the life of the individual who succeeds. The resources of our Institution are constantly safeguarded. Our assets—the most important of which are good professional service and good administration must be and will be preserved.

Respectfully submitted,
SAMUEL S. COHEN,
Superintendent.

WOMEN'S AUXILIARY

REPORT OF THE PRESIDENT

READ AT THE ANNUAL MEETING OF THE AUXILIARY, JANUARY 4, 1939

Fellow-Members of the Women's Auxiliary:

A GAIN I have the privilege and proud task in this, my third annual presidential report, of submitting for your approval a record of our stewardship. It is an account which gladdens the hearts of all who respond to the call for alleviating human physical ills. Wisdom and good deeds are travelling companions, we are told. Mine has been the good fortune to speak for a group of women whose devotion to duty and whose service to the Jewish General Hospital is a tribute to themselves. They have given an added meaning to the term "I serve".

At the outset I herewith present in brief review the larger contributions of the Women's Auxiliary to the hospital in 1938, following which I will speak of the work of the individual committees and of our activities throughout the year. A close examination of the following record reveals that there was no phase of hospital needs throughout the year 1938 to which the Women's Auxiliary did not respond, whether it was the scientific, Life-saving, or household requirements. To me personally this was a continued source of deep gratification, and again demonstrated the mind of our organization. While our audited treasurer's report has already given you the amount of our expenditure, nevertheless it is well that I should amplify our disbursements.

It is altogether a heartwarming and inspiring document, showing the results obtained by the united effort on the part of a large group of women dedicating their energies to the welfare of an institution. We were happy to keep our promise to equip a photographic department, supplying a micro-projector, photographic camera, micro-photographic and other needs. We installed a new X-Ray unit. All these are valuable aids to diagnosis. We were happy to provide a radio-knife and other instruments required by the surgical department. An electric cutting-knife for gauze to facilitate the work of the surgical dressings groups was purchased. An ice-making machine was provided, thereby cutting the cost of the ice needs of the hospital. A new floor-polisher was also supplied. All this equipment entailed the expenditure of \$5,435.72. Every linen requisition was met, at an outlay of \$3,049.60. Added to these items must be included the calls on the Life-Saving Fund, to the sum of \$1,211.50, and the endowment of a Bassinet in the nursery at \$500. We expended a total of \$10,196.48 for the benefit of the hospital. What greater tribute could I express to the Executive, the Board, and the membership at large than the presentation of the above outstanding third annual recording of contributions within one year.

I realize you all anxiously await word of the results of our Second Annual Ball. Mrs. Samuel Leopold carried the responsibility of ticket chairman. Her task was so intensive in the ten days prior to the Ball that it would be difficult for me to adequately express our appreciation of such devoted service. Hers is the reward of a job well done and bearing excellent fruit. We would assure Mrs. Leopold of our very warm appreciation. Those who availed themselves of the privilege of attending an event that was given primarily so that our poor sick might be better cared for, realized what a hearty vote of thanks was due to those who worked so faithfully under the strain of troubled world conditions. The handsome sum of \$1,754.70 was the net amount realized. We would extend to the Ball treasurers and secretaries, Mrs. Saul Usher, Mrs. Philip Fram, Mrs. M. J. Messenger, and Mrs. I. Levy, a hearty vote of thanks for a devoted full time service. To the control chairman of tickets, Mrs. Allan Bronfman, Jr., Mrs. A. W. Jacobs, Mrs. L. K. Freedman, Mrs. Herbert Vineberg, Mrs. J. J. Block, Mrs. H. Hershon, Mrs. H. Levine, Mrs. L. Goldman, Mrs. S. Lupovich, Mrs. K. Druckman, Mrs. L. Deitcher, Mrs. J. Fitch, Miss Lillian Fainer, and Mrs. L. Klineberg, we would express our gratitude for their splendid service, and would ask them to extend to their workers our many thanks. To Mrs. A. W. Jacobs belongs the credit of selling the largest number of tickets, and we offer to her a special measure of appreciation. We are indebted to the staffs of the hospital, Federation, and Distillers Corporation for services rendered gladly and gratuitously, for which we are sincerely grateful. Were I to do justice to all who assisted in making our Ball the great social and financial success that it was, it would make for an endless round of acknowledgment. Will the men and women who served so well accept a simple 'thank you'.

Mrs. E. Lozinski, chairman of music, had the splendid and much appreciated assistance of Mr. Jack Klein in arranging for the excellent dance music provided by Alex. Lajoie and his orchestra for our Ball. We are indebted to Mrs. Lozinski for the pleasure of having Mr. Van der Goor, pianist, and the Betty Spiers School of Dancing at the last annual meeting. Gypsy Natasha

gave an enjoyable short recital of folk songs at the Match membership tea meeting, when our own chairman of music acted as accompanist. We are appreciative of the excellent co-operation given by Mrs. Lozinski at all times.

Mrs. Allan Bronfman, chairman of the Life-Saving Fund, reports that 63 Patronesses made possible the Life-saving equipment of an Iron Lung, an Oxygen Tent, blood transfusions, special drugs, and special nursing, and provided to all in need care and remedial measures irrespective of race or creed. To Mrs. Allan Bronfman personally we give expression of our high regard for her devotion to a noble cause. Mrs. Bronfman has been an ideal chairman of this fund in her whole-hearted devotion and the personal service given to so vital a need as the saving of a life stricken by disease. Those Patronesses who availed themselves of the pleasure of attending the tea which Mrs. Bronfman gave in their honour were given another expression of gracious hospitality. Our chairman continues to maintain the beautiful tribute volume in which the names of the Patronesses to the Life-Saving Fund are inscribed. We would express to the Patronesses, together with those who made generous donations throughout the year, the gratitude of those who benefited by their bounty. I here stress the ever-increasing demands on this service, together with the necessity of establishing a fund adequate to meet an emergency. My appeal is added to that of the chairman for an increased number of Patronesses.

Mrs. M. J. Raff, chairman of membership, reports today that approximately 1,850 members paid their 1938 dues to date, and that new members are rapidly joining our ranks. Considering the figures of a paid membership of 1,850, I wonder how many appreciate to the full the tremendous amount of follow-up work which this has entailed on the part of Mrs. Raff and those who have assisted her. Words seem rather inadequate in expressing to Mrs. Raff the inspiration that her unfailing interest, enthusiasm, and faithfulness to duty have been to me personally and to those who have worked with her. Her great reward lies in the knowledge that the maintenance of a large paid-up membership makes possible in great part the magnificent record of our material contributions to the hospital. We would extend our grateful thanks to Mrs. S. Hershon for her valuable service as secretary to the membership committee. Her willingness to co-operate under all circumstances has been greatly appreciated. Thanks are also due to Mrs. R. Kramer and her service group for their diligent efforts to bring in new members. I add my earnest appeal to that of the chairman in asking you to pay your dues immediately and thus lighten our labours.

Mrs. Samuel Bronfman, as chairman of Ways and Means has given to all activities of the Women's Auxiliary that personal service and whole-hearted support so expressive of her approach to every worthy cause. Her response to the many needs that have arisen throughout the year has given me a sense of comfort and dependability. We are indebted to Mrs. Bronfman for a charming membership workers' tea in June, and for again remembering our sick children in the hospital at the Chanukah festival. We can only extend to her a grateful thank you for a faithful service rendered.

Mrs. Harry Singer as chairman of meeting looked after all arrangements that provided for our comfort and convenience. It has been a pleasure to be associated with her. Her cheerfulness and ever-ready co-operation have been indeed a comfort and we offer her our sincere appreciation.

Mrs. A. Raginsky, Sr., as chairman of publicity was on the alert to keep our activities and services to the hospital before the public, thereby ensuring us a continued interest and support. Her faithfulness to duty has earned our gratitude and thanks, for hers is a department that has its difficulties. We would at this time extend our thanks to Mrs. M. J. Raff for her assistance in publicity for the Ball.

Our financial department has been in the capable hands of our Treasurer, Mrs. Victor Michaels, and our Financial Secretary, Miss Dorothy Hart. Their

efficiency and accuracy have been a source of tremendous satisfaction, realizing as we do the constant responsibility they carry throughout the year. We would assure them that we are not unmindful of their valued service, and hereby make grateful acknowledgment. They have every reason to be proud of their contribution to our welfare.

It is fitting that we should here express our appreciation to our Honorary Auditor, Mr. I. Blackman, and his staff, not only for auditing our books, but also for the splendid assistance rendered for our Ball. We are very appreciative of their support.

Mrs. David Tannenbaum, our corresponding secretary, reports the following for 1938: 15 executive, 5 board, and 4 general meetings were held, which necessitated 750 notices for the board meetings. 288 letters were sent on account of illness, sympathy, business, occasions for congratulations, and appreciation. Mrs. Tannenbaum made hundreds of corrections of names, addresses, and telephone numbers with the valued aid of Mrs. S. Hershon. Her service has at all times been given cheerfully, efficiently and quietly. It has been a pleasure to be associated with her, a secretary any president would be proud of, and one deserving of the highest praise.

Mrs. L. K. Freedman as recording secretary had the difficult task and responsibility of placing on record the proceedings of all our meetings. She has made a grand contribution in so doing, and has in no way limited her service to her department. She has never failed to respond whenever called upon, no matter what the task, and we are grateful for such co-operation. We would assure Mrs. Freedman of our high regard and appreciation.

Mrs. J. Greenberg and Mrs. A. M. Wener, co-chairmen of the purchasing committee, have carried the responsibility of looking after linen requirements both as regards the purchasing and sewing. They report 1,572 articles made by volunteer sewers, to whom we owe a hearty thank you. The enormous purchases of linens already recorded, and interpreted in terms of service by Mrs. Greenberg and Mrs. Wener, significantly tell us of long hours spent in cotton mills, wholesale dry goods and other establishments so that the utmost in value was obtained for the benefit of the hospital. Such interest and devotion command our respect, admiration, and an expression of our grateful appreciation.

Surgical Dressings Committee under the chairmanship of Mesdames Samuel Klein, George Streat, S. Pesner, L. Miller, Saul Usher and Norman Viner are maintaining a splendid service and aid to the hospital. The report 295,920 dressings made during 1938, and tea-money collected amounting to \$171.40, which again made possible lovely toys for twenty-five sick children in the hospital during Chanukah. We give thanks to Mrs. Pesner and Mrs. Miller for the purchase and splendid selection of toys which gladdened the hearts of the little ones. To the surgical dressings chairmen and to the regular attendants who serve this department we would extend a hearty vote of thanks. I feel sure that the chairmen would feel amply rewarded for their faithful services were they favoured with a larger attendance on Monday, Tuesday and Wednesday afternoons.

Mrs. T. Percy Hirsch, chairman of the Bottle and Jar Collection Committee, assisted by Mrs. Dorothy Colle, report 88,267 bottles and jars collected during 1938, which realized a total of \$735.94. After deducting \$127.12 for collection charges, \$609.82 remains as a handsome net total. This is an increase of \$202.04 over 1937. This piece of work has been a grand accomplishment, and demonstrates forcibly what reward can be obtained by personal service and genuine interest. Here is a department in which we can all participate without the slightest expenditure on our part. It merely entails a thoughtfulness to be faithful to the collection of every type of bottle and jar, and when we have fifty or more to telephone either Mrs. Hirsch or Mrs. Colle to have them picked up. Is that too much to ask of us? It is very little indeed when we think

of the devotion to duty as expressed by Mrs. Hirsch, Mrs. Colle, and those faithful members of their committee. These ladies and those who provide the bottles and jars that we sell, made possible not only the purchase of all new sterile dispensary bottles required for clinic patients, but also permitted us to supply the hospital with an emergency operating room lamp. Upon our constant co-operation depends the extent of our contributions from this department. Mr. Brown of the Brown Bottle Exchange continues to aid our efforts, and we offer him our appreciation and sincere thanks. We would assure Mrs. Hirsch and Mrs. Colle of our admiration for their accomplishment, and would ask them to carry to the members of their committee the expression of our appreciation.

Mrs. J. Rubin and Mrs. J. Schulman, co-chairmen of the Children's Nursery Fund, report that on January 5th, 1938, they began with a membership of 110. On December 31st, 1938, they proudly record an increased membership of 435. Of the 110 members made in 1937, 102 continued their subscription in 1938. The endowment of a bassinets at a cost of \$500 is a proud achievement, and a tribute to the energies of Mrs. Rubin and Mrs. Schulman and to the large membership of children whose annual contributions of one dollar have made this permanent monument possible. With the slogan that no child is too young or too old to be a member of the Children's Nursery Fund of the Women's Auxiliary, what more beautiful way of marking a child's birthday or stimulating a child's interest in communal responsibility than by membership in this fund? On June 17th a happy afternoon was given our young members in the lecture hall at the hospital, when movies and refreshments were provided. Together with the chairman we wish to express to Mrs. A. M. Wener our appreciation of the gift of a beautiful record book, in which the names of members are handsomely inscribed by the artist, Mr. Diamond. Thanks must be given to all who assisted in this department, with honourable mention to Miss Etta Amdur for outstanding devotion. We are anxious to render to the new-born in the hospital an ever greater service. Will you help? To Mrs. Rubin and Mrs. Schulman I would say 'bravo' for a grand job done. Their enthusiasm and devotion is at all times a source of pride and pleasure to me personally and to all who observe their activity.

Mrs. Jack Klein, chairman of the Layette Committee, reports an expenditure of \$162.87 for layettes for 75 needy babies born in the hospital. Voluntary donations of \$26 for the purchase of wool was gratefully received, together with many knitted articles. To the groups and individuals who are serving the needs of this branch of our activity we render sincere thanks. Mrs. Jack Klein has not only been the faithful supervisor of this department, but she has personally given it material support. Speaking for the little newcomers, Mrs. Klein, we ask you to accept their gratitude together with ours.

Mrs. H. Shiller, chairman of Car service, encountered great difficulty throughout the year in securing volunteer cars to take patients requiring treatment to and from the hospital. To facilitate the giving of treatment of those in need of deep X-Ray Therapy, the Life-Saving Fund is providing taxi service for serious cases. We would continue to urge those who can lend the use of their cars from time to time to do so. We thank Mrs. Shiller most heartily.

Mrs. H. Levine, chairman of clerical service, has had the responsibility of sending out notices for general meetings. She has had the assistance of her family and of a few ladies to whom we express hearty thanks. We give assurance to Mrs. Levine of our appreciation of the task that has been hers, and would ask her to accept our very sincere thanks.

Mrs. A. C. Benjamin, chairman of telephone service, has been of considerable assistance throughout the year in the needs that have arisen to reach our members quickly. On her behalf and our own we extend thanks to Mrs. Hyman Liverman for her valued aid. Mrs. Benjamin deserves our sincere appreciation for her helpfulness.

Our Board has been a powerful force in the ranks of the various committees. In particular, they have to carry the burden of collecting our dues and servicing our money-raising events. The work is not easy. You, the membership can lighten their labours, if you will, by mailing your dues early and responding graciously to our money-raising activities. Only by the united and whole-hearted effort of the entire Board can we make contributions to the hospital that will reflect credit on our whole organization. The members of the Board deserve our appreciation and gratitude for the fine response they have given to our activities. To Mrs. J. Lewinson, Mrs. R. Kramer, and Dr. Rosengarten, we express appreciation of their service and regret their inability to continue to serve the hospital. We trust that an improved state of health together with more leisure will permit them in the near future to rejoin our ranks.

Glancing over the records of our general meetings of the past year, we recall with pleasure being honoured with addresses by two outstanding public women, Mme. Pierre Casgrain and Senator Cairine Wilson. Their presence lent distinction to our gatherings and earned our high regard.

Many donations were received throughout the year and were duly acknowledged. Voluntary gifts are a tremendous stimulation of interest in the work of the Women's Auxiliary, and give impetus for more intensive effort. We make grateful acknowledgment for all contributions.

To those of our members who have been bereaved of their dear ones during 1938, we would extend our profound sympathy. May they find comfort in the memory of lives nobly lived.

The press has been a valuable factor in aiding our efforts, and we wish to make sincere expression of our appreciation to the Montreal Star, The Gazette, the Canadian Jewish Review, the Canadian Jewish Chronicle and The Eagle.

To Distillers Corporation we give grateful thanks for the use of their rooms and the service they render to us on all occasions. We would also thank the Montefiore Club for the privilege of using their rooms from time to time.

No report of mine would be complete without a personal expression of thanks and appreciation to the president of the hospital, Mr. Allan Bronfman, and to the superintendent, Mr. S. S. Cohen, for their encouraging co-operation in all our activities. They have ever answered the call for assistance, and I ask them to accept on your behalf as well as my own our sincere thanks.

In a report such as this, which has attempted to give you a panoramic view of all our interests and activities on behalf of the hospital, I undoubtedly have failed to do justice to all who have served so magnificently. I would ask you to bear with me, for my task has not been an easy one. It has been a privilege for me to be associated with you as your leader. Will you continue to make possible the improvements necessary to maintain a hospital in which we wish to take pride, a hospital that reflects credit upon our people, and an institution that has already recorded excellent scientific progress. Give generously of your service and goodwill to the hospital and to the Women's Auxiliary. Only by so doing can we fulfil our responsibilities as good citizens and as faithful members of our race.

Respectfully submitted,

ANNIE E. B. GOLDBLOOM,
President.

ADEQUATE SUPPORT IS ESSENTIAL TO THE PROGRESS OF THE HOSPITAL

The Board of Administration earnestly appeals to the Governors of the Hospital and other contributors to assist them in obtaining new and increased subscriptions.

GOVERNORS' FEES

Minimum qualification fee.....	\$100.00
Minimum annual fee.....	15.00

Article IV of Chapter 1 of the By-Laws provides as follows:

"All persons who have subscribed and all persons who shall hereafter subscribe and pay to the Corporation a total sum of \$100.00 or over, may be elected by the Board of Administration as Governors of the Corporation and shall continue as such as long as they pay annual dues of not less than \$15.00."

May We Suggest That You Include
In Your Will The
JEWISH GENERAL HOSPITAL

•

Your name or the names of persons you love can be fittingly perpetuated and at the same time you can help sick men, women and children who are in destitute circumstances and in need of free medical service.

•

The following is an extract from the Quebec Succession Duties Act:

Section 30 - Exemption for Religious Purposes, Etc.

“No duty shall be leviable on property devised or bequeathed for religious, charitable or educational purposes to be carried out in the Province of Quebec by a corporation or a society having an establishment within the Province of Quebec, or by a person resident in the Province of Quebec, nor on the amount of any unpaid subscription for any like purpose made by any person in his lifetime to any corporation, society or person mentioned in this section.”
