THE JEWISH GENERAL HOSPITAL FARM

The Hospital maintains, on its own land adjacent to the Hospital, what many qualified experts consider to be a Model Farm.

Practically the entire vegetable needs of the Hospital are supplied by the Farm. In season, the patient is assured an abundance of fresh vegetables, while a scientifically constructed root house stores surplus produce for use during the winter months.

An outgrowth of the Farm project is the Hospital's canning plant, where each year some 10,000 cans of fruits and vegetables are put up for use throughout the year.

● *Looking west from the Hospital windows—

REPORT OF THE PRESIDENT*

TO THE GOVERNORS OF THE

JEWISH GENERAL HOSPITAL:

Before proceeding with the President's Report, I pause to honour the memory of one who was a guiding spirit of our Institution from its earliest beginnings and who but a few short months ago departed this life. The passing of Louis Salomon, a Vice-President of the Hospital since its inception, cast a pall of sadness over the multitude of friends he acquired through a lifetime of service to many causes. Warmly human, kindly, sympathetic and generous, Louis Salomon exerted a strong influence for good in the many philanthropies with which he was associated. His removal from our midst is a great loss to our Hospital of which he was so proud and in which he maintained such a keen and active interest. I ask you to rise for a moment to pay silent tribute to his blessed memory.

And now on behalf of your Board of Administration, I have the honour to submit for your approval the Eighth Annual Report of the Hospital for the year ended December 31st, 1941.

✓ The conclusion of this eighth year of service to the Community marks another step in the progress of our ever-expanding activities. The year under review was the most active in the comparatively short but eventful history of our Hospital. A total of 4,880 patients were admitted in this period and were given 63,026 days of treatment. These figures represent an increase of 201 admissions and 1,260 days of treatment over last year. You will recall that in previous years we made reference to the need for expansion to meet the growing demands for our services and you may well realize how urgent this problem has become in the face of even higher occupancy. The question of adding to our facilities has been given serious consideration. Many factors must be weighed before definite plans can be made, particularly in these days when our chief energies and resources must be concentrated on the successful prosecution of the war. ✓

A record year in point of service, the year 1941 established new records on the financial side as well. The necessity for increasing wages to maintain staff and personnel; the higher cost of practically all supplies and materials coupled with the growth in our activities, resulted in operating expenditures of \$342,129.23, an increase of some \$42,000.00 over the expenditures for last year. On the income side, our total operating revenue of \$248,140.58 represents an increase of almost \$22,000.00 over the income for the previous year and is accounted for by the higher ratio of private and semi-private patients. The gross deficit resulting from Hospital operations was \$93,988.65 an increase of \$20,178.33 over the deficit for last year. We were extremely fortunate for the year under review to have been able to raise in our maintenance campaign and from other non-operating sources, a total of \$90,795.23, thus enabling us to conclude the year with a net deficit of \$3,193.42. This gratifying result is due to a combination of two factors—keen budgetary planning and the warm-hearted response of our many subscribers who measured their support by our increased needs.

That we have succeeded in bringing our Hospital to the point where the operating deficit is almost entirely made up by annual subscriptions should evoke the highest feelings of pride on the part of every Jew in our Community. It remains for us now to deal with the problem of eliminating the accumulated indebtedness resulting from losses in previous years; the accomplishment of which objective is of great importance to the financial stability of our Institution.

During the year the Jewish Community of Montreal embarked on a new departure in local fund-raising. The Combined Jewish Appeal which was launched after careful planning on the part of leaders of our Community, and which was the fund raising agency for our Federation, Hospital and United Jewish Refugee and War Relief Agencies, constituted a splendid demonstration of the solidarity of our Community, and an inspiring precedent for the future. Your President was privileged to act as Campaign Chairman of this appeal and I should like here to record my warm gratitude to the many co-workers who supported the effort so enthusiastically and to the thousands of subscribers who by their splendid response endorsed the principle of joint fund-raising.

Aside from the financial success of the venture in which the respective agencies exceeded their objectives, we see in such co-operative effort a long step in the direction of achieving closer unity of our people—an accomplishment of tremendous import in these times. There can be no doubt of the practical advantages of combining several appeals in one. The conservation of the energy and time of both worker and subscriber is an important contribution under normal conditions,—in time of war it becomes a patriotic duty. It is hoped that as time goes on further progress in this direction will be made by the inclusion of other agencies in the Combined Appeal.

The medical activities of the Hospital continue to be capably guided by the Medical Board under the chairmanship of Dr. Alton Goldbloom. It has been alert to meet all problems arising from present conditions and we are indebted to the members of the Board for their keen and active participation in assuring the high standards of our services. On the initiative of the Medical Board too, general meetings of the entire medical staff have been inaugurated. These are calculated to promote closer relationship between all members of the staff and the Hospital and to provide an opportunity for the discussion of medical and scientific problems of general interest.

This innovation has been enthusiastically endorsed by your Board of Administration, which is ever mindful of the fact that the modern Hospital and the members of its staff constitute together an inseparable entity. Only by a thorough understanding of the many problems which beset the physician of today can the Hospital develop and maintain unity of purpose which is essential to the progress of all Hospitals. During the year several members of our staff have received recognition from McGill University. Dr. M. A. Simon was appointed demonstrator in Pathology, and Dr. George J. Streat was made Lecturer in Obstetrics and Gynaecology. Our Hospital which is

* Presented at the Eighth Annual General Meeting, June 15th, 1942.

distinguished by their service shares proudly in the honours which have been conferred upon them.

It is a matter of sincere regret that we have to record the resignation of Dr. Charles Liebman, Radiologist in Chief from 1935, who has left to take an appointment in a prominent New England Hospital. Dr. Liebman contributed much to the establishment of the high standards which have distinguished our Hospital and we accepted his resignation with the greatest reluctance. He is succeeded by Dr. David Berger, a physician of wide experience and training in Radiology in Europe and the United States.

Although the Medical Staff was occupied with the problems of caring for an ever increasing number of patients, it nevertheless continued to maintain fully those scientific activities which have brought recognition to our Hospital. Numerous contributions to the Medical literature were again made during the year by members of the staff. Medical, Clinical-Pathological, X-ray and other departmental conferences were continued regularly throughout the year and were exceedingly well attended. These conferences are of inestimable value from an educational point of view and the broad knowledge and experience gained by all those who participate, redounds to the ultimate benefit of the patient. The Tumour Clinic, initiated by the Medical Board in 1935 and one of the first of such clinics to be organized in this City, has been recognized by the American College of Surgeons and now has the distinction of being one of the few Approved Cancer Clinics in Canada.

Our modest Endowment Fund has been augmented by several contributions during the year. The very generous sum of \$3,000.00 was contributed by Messrs. Oscar Faerman and Maurice Gross. A generous contribution of \$2,000.00 towards the Endowment Fund from Mr. and Mrs. Louis Wolfe is recorded with our most grateful appreciation. The sum of \$500.00 was contributed again this year by Mr. Ben Wilanski, and is recorded with gratitude.

The making of testamentary provision for an institution of healing is an act which merits the greatest commendation. It is a matter of particular gratification to us that since the opening of the Hospital, a number of our Community have remembered it in their bequests. It is to be hoped that this signal method of rendering immortal service will, in the fullness of years become still more widespread, and will result in the establishment of a substantial Endowment Fund. This is essential if we are to continue to meet the growing demands for our services and to maintain our high scientific standards. The following bequests received during the year are here gratefully acknowledged and recorded:

Estate J. Dubitsky.....	\$500.00
Estate Hulda Lichtenhein.....	300.00

No record of the activities of our Hospital could be complete without reference to the important contributions made by the Women's Auxiliary. Year after year it has been my privilege to pay glowing tribute to the invaluable part which the Auxiliary has played in the progress and development of our Institution. Under the inspiring leadership of its President, Mrs. Alton Goldbloom, the Auxiliary has again added to its distinction as one of the Dominion's leading women's organizations. In

addition to continuing its manifold services to the Hospital, the Auxiliary recently made an outstanding contribution when it provided funds for the establishment of a Blood and Plasma Bank. The use of plasma in the treatment of injuries and shock is a newer scientific development which has already become a life-saving measure of the greatest importance to humanity. Its availability in time of war, is a distinct contribution to the security of our civilian population and therefore to our war effort. For this and for its many other activities and contributions, we record our deepest gratitude to Mrs. Goldbloom, her Executive and Board and all members of the Auxiliary whose exemplary devotion to the interest of the Hospital year after year continues to be a source of inspiration and pride.

A forward step in the social and economic lives of many of our population was made recently when the Quebec Hospital Service Association began operations. Under this plan, subscribers are assured the payment of their Hospital bills in return for a small fee. Although new to this City, these so called Blue Cross Plans, have been operating in the United States and in parts of Canada for many years. They are organized on a non-profit basis and operated entirely for the benefit of the subscribers. How popular these plans are may be seen from the fact that about ten million persons are enrolled in them throughout the United States and Canada. These plans created in the public interest, have the wholehearted co-operation of our Hospitals. We are happy to have had the opportunity of participating in the organization of such a plan for the City of Montreal, and our Hospital in common with the other leading Institutions of Montreal, is co-operating wholeheartedly with the Association. The increased demand for our already highly utilized semi-private beds, which is almost certain to follow the general acceptance of the plan by the public, is a problem which not only our Hospital will have to face. There are not sufficient semi-private beds in Montreal to meet the demands and expansion of these facilities must soon occupy the attention of many of our City Hospitals.

While progress has thus been made in bringing Hospital care within the reach of the often referred to white collar class on a cost basis, we must make reference to the situation which exists with regard to the Hospitalization of indigents. In 1922 the Quebec Public Charities Act fixed a rate of \$2.00 per day as reimbursement to Hospitals for the treatment of indigents. This rate is predicated on an operating cost of \$3.00 per day, of which the Municipality, the Province and the Hospital share in equal parts. The steady progress in the science of diagnosis and treatment which has been made since the adoption of the Act, and the general increase in operating costs, make revision of the rate paid by the Province of Quebec absolutely essential. Whilst we are deeply grateful to the Province and City for their continued co-operation certainly they will recognize that a more equitable proportion of the actual per diem cost may be paid to the Hospitals if they are to continue their high standard of service. During the past year for example, our operating cost rose to \$5.43 from \$4.86 for the previous year. On this basis our Hospital incurred a loss of some \$60,000.00 on the more than 18,000 days of treatment to patients hospitalized under the Quebec Public Charities Act. We trust that

the Provincial Government will recognize the justice of our claims and take immediate steps to relieve a situation which threatens the stability of our voluntary Hospitals.

In rendering thanks to all those who have unremittingly devoted themselves to the noble service symbolized by our Hospital, I desire first of all to express our indebtedness to the members of the Board of Administration and Board of Trustees, and to the Chairmen of Committees for their co-operation and support.

We express our gratitude to our legal Advisers, Messrs. Weinfield and Rudenko, to Mr. H. E. Herschorn our Honorary Notary, and to many others who rendered us service without fee. The Jewish Public Library continues to supply our patients with Library service and we are grateful to them for this most useful adjunct to our facilities.

The Press has given us generous support throughout the year and we are grateful for their co-operation.

The departure of many members of the medical, nursing and other staffs for military services has created many hardships in the conduct of the Hospital. It means additional responsibilities and duties for those who remain. These have been cheerfully accepted in the knowledge that the condition is incidental to an all out war effort.

To the Superintendent Mr. S. S. Cohen, and to his co-workers of the Administrative staff, we extend our

thanks and appreciation for their continued devotion to duty under trying circumstances.

During the past year, and today, the paramount concern of all of us has been and is, the successful prosecution of the war. All of our activities, in every walk of life, in every communal endeavour, have been based on and motivated by this essential premise. In our work on behalf of the Hospital too, we have beheld a noble labour not removed from the larger perspective. The healing of the sick constitutes an undeniable form of morale-building and is a contribution to the war effort that cannot be too strongly emphasized. Indeed, the very principles upon which our Hospital is founded—help to the feeble, health to the sick, is like a banner lifted in battle against the barbarians to whom these principles are anathema. God grant that the day be near when that banner, and the ideals of humanity and civilization for which it stands, shall flutter in the gentle wind of peace, unchallenged and victorious!

Respectfully submitted,

ALLAN BRONFMAN,
President.

● Meals are served piping-hot at the patient's bed-side. 404,176 meals were served from electrically heated food conveyers during the year.

AUDITORS' REPORT

BOARD OF ADMINISTRATION,

JEWISH GENERAL HOSPITAL, MONTREAL, QUE.

MONTREAL, JUNE 5TH, 1942

Gentlemen:

We have audited the books and records of the Jewish General Hospital for the year ended December 31st, 1941, and present herewith our report:

Included herewith are the following Statements:

BALANCE SHEET as at December 31st, 1941.

STATEMENT OF INCOME AND EXPENSES—HOSPITAL OPERATIONS—for the year ended December 31st, 1941.

CLASSIFICATION OF EXPENSES—HOSPITAL OPERATIONS—for the year ended December 31st, 1941.

STATEMENT OF NON-OPERATING INCOME—for the year ended December 31st, 1941.

RECONCILIATION OF CAPITAL ACCOUNT—as at December 31st, 1941.

Vouchers for all disbursements have been duly examined and all financial transactions have been verified. Your Bankers have confirmed Bank balances by means of certificates. Cash on hand, cheques, and notes have been duly verified and checked. Securities have been verified by actual examination and by certificate of the depositaries. Inventories are shown in accordance with figures submitted by your Superintendent.

The item of "Investments" as shown on your Balance Sheet at a book value of \$25,435.75, is represented by the following Bonds:

Dominion of Canada:

1959—4½% Bonds—Par Value \$25,000.00

Wood Products Co. Ltd.:

1940—4% Bonds—Par Value \$1,000.00

Elm Ridge Country Club Inc.:

1943—6% Bonds—Par Value \$1,000.00

There is, in addition to liabilities shown on your Balance Sheet, a deferred liability of \$16,279.99 for expropriation taxes to the City of Montreal. This amount is payable, plus interest, in eleven equal instalments, annually. A contingent liability in respect of the issue of \$300,000.00 of 5% serial Debentures, due 1932-1951, by the Jewish Hospital Campaign Committee Inc., and guaranteed as to principal and interest by the Government of the Province of Quebec, remains outstanding to the amount of \$186,000.00.

Your Statement of Income and Expenses on Hospital Operations for the year 1941 indicates a net operating loss of \$93,988.65.

Net Non-Operating Income for the year 1941 represented by contributions to Maintenance Funds, Investment Income, Donations, Memberships, Women's Auxiliary, etc., amounted to \$90,795.23.

Net Income from pledges to Building Fund during the year 1941 amounted to \$14,126.24.

Subject to the foregoing, we certify that the attached statements correctly set forth the position of the Jewish General Hospital as on December 31st, 1941, and the results of the operations for the year ended December 31st, 1941, according to the best information and the explanations and information given us, and as shown by your books and records.

We desire to express our deep appreciation to your Superintendent, Mr. S. S. Cohen, to Mr. M. Segal, and to Mr. Frederick M. Goldstein, as well as to your office staff, for the kind co-operation and assistance rendered us during the course of our audit.

Respectfully submitted,

I. BLACKMAN & CO.,

Chartered Accountants.

REPORT OF THE SUPERINTENDENT*

Mr. ALLAN BRONFMAN, *President*,
JEWISH GENERAL HOSPITAL, MONTREAL.
Sir:

I have the honour to submit for your approval the Eighth Annual Report of the Superintendent for the year ended December 31st, 1941.

The increase in the utilization of Hospital facilities experienced by Hospitals throughout the continent is reflected in our occupancy figures for the year 1941. Indeed this year accounts for the largest volume of service ever recorded by us. A total of 4,880 patients were admitted and received 63,026 days of treatment. This represents an increase of 201 patients and of 1,260 treatment days over 1940. Classification and comparison of admission and days of treatment with figures for 1940 follows:

	ADMISSIONS		DAYS TREATMENT	
	1941	1940	1941	1940
Private.....	562	547	6,494	6,210
Semi-Private..	2,104	1,813	20,535	16,361
Public.....	2,214	2,319	35,997	39,285

It is interesting to note that the improved economic situation of the population has resulted in a marked increase in the number of semi-private patients and a reduction in the number of public patients treated. It must be stressed however, that although fewer public patients were hospitalized during the year, the

demand for space continues with the public wards still filled to capacity. Space previously utilized to accommodate the overflow of public patients has been restored to meet the great demand for semi-private beds. A review of the figures will show that an average of almost 100 public patients per day was maintained throughout the year—still a considerable portion of our total activity. It is axiomatic that the poor are always with us—it can be said with even greater certainty that the *sick* poor will be constantly with us. It is true that many persons formally unemployed have found gainful occupation. There still remains however, a large group whose earnings, while adequate for maintenance under normal conditions, are nevertheless insufficient to meet any part of the cost of illness. A distinction between ordinary and medical indigency must be made and special provision for the latter group should form an essential part of any welfare programme.

The City of Montreal, in determining eligibility of patients hospitalized under the Quebec Public Charities Act, has failed to give adequate recognition to the special problem of medical indigency and has thus burdened the Hospitals of the City with the full financial responsibility of caring for those whose incomes are in the marginal category. When to this burden is added the necessity for treating approved indigents for a fraction of the actual cost, the reason for deficits becomes at once apparent. The Hospitals

* Presented at the Eighth Annual General Meeting, June 15th, 1942.

FINANCIAL:	
Average cost per patient-day	\$5.43
(Based on charging all operating costs to in-patients.)	

cannot continue to give care costing over \$5.00 per day and be reimbursed at the rate of \$2.00, without seriously impairing their ability to carry on. The Provincial and Municipal Governments, who share responsibility for the care of indigents, must soon recognize that a rate established in 1922 is due for revision.

The daily average of patients in residence was 172.6 and the average stay for patients of all classes was 12.9 days as compared with 13.2 days for last year.

The Out-Patient Department continues to be utilized to capacity and recorded a total of 31,838 visits, an increase of 301 visits over the previous year.

The institutional mortality rate was 2 percent as compared with 2.1 percent for 1940.

The number of operations performed during the year totaled 3,051, an increase of 48 over the previous year.

The Laboratories continue to carry out a large volume of work under the handicap of limited facilities referred to in previous years. The need for more adequate animal quarters is particularly urgent.

The X-Ray Department records a total of 6,693 cases radiographed, 366 more than last year. The need for additional space for this department is becoming more evident as the volume of work increases.

The Obstetrical Department continued to be active throughout the year when a total of 831 births was recorded, 52 more than last year. We are happy to report that the year was concluded without experiencing a single maternal death. This fortunate circumstance contributes further to the reduction of our extremely low maternal mortality rate.

The Medical Board has during the year been busily engaged in the handling of the many and complex problems associated with the professional work of the Hospital. A particularly important accomplishment by the Board was the drafting of a comprehensive set of rules and regulations concerning the medical functions of the Hospital. This task required a great deal of painstaking effort and the adoption of the regulations is a valuable contribution to the proper conduct of the Hospital. I am indebted to Dr. Goldbloom, Chairman of the Board and to the members of the Medical Board for their co-operation and many helpful suggestions.

The general financial picture has been given you by both the President and the Honorary Treasurer. I should, however, like to briefly summarize a few of the more important factors which entered into determining the results for the year. Expenditures totaled \$342,129.23 as against \$300,386.81 for 1940 and representing an increase of \$41,742.42. About 40% of the total increase is accounted for by salary increases, which had to be granted in order to meet in part the competitive situation which exists in employment today. While this has helped somewhat, it has by no means solved our problems. The drift of employees continues and every effort is being made to meet situations as they arise. The higher cost of many articles of food, which do not come under the price ceiling, as well as of fuel and other supplies, accounts for a further considerable portion

of the increase in expenditures. An appropriation of \$15,000.00 for necessary replacements and renewals of equipment was included in the expenditure account for this year. After 8 years of constant and hard use, it becomes imperative to replace and renew certain equipment to the extent indicated. It can be considered that an increase of approximately 14% over expenditures for the previous year is a very satisfactory experience in the face of present conditions.

The situation with regard to nursing requires particular mention. Our Hospital operating, as it does, with a staff made up entirely of graduate nurses, has found greater difficulty than Hospitals operating Training Schools for Nurses. There is a distinct shortage of graduate nurses resulting from the following causes: the institution of the 8-hour day for special duty nurses; the enlistment of a considerable number in the Armed Forces; the employment of many in defense and other industries and the higher degree of Hospital utilization. Salary increases

● A prematurely born infant being given its chance for survival in the newest of air-conditioned incubators.

have been granted in an effort to reduce the large turnover but this can be considered as a temporary expedient. The shortage is real and becoming acute. The establishment of a training school for nurses has been discussed and the matter is being seriously studied. The development of a program for the training of nurses' aids and ward helpers is also receiving consideration.

The revenue from operations totaled \$248,140.58 as compared with \$226,576.49—an increase of \$21,564.09 over the income for the previous year. The higher occupancy together with a larger number of private and semi-private patients accounts for this increase.

The per capita cost per day was \$5.43 as compared with \$4.86 for 1940.

The Women's Auxiliary deserves more mention than can be given it in this report. The needs of the Hospital, in service and contributions to the extent of the responsibilities the Auxiliary assumed, were again fully and magnificently met. When it is considered that these activities were carried on by a group of women who have also made their contribution individually to the many patriotic and war efforts, the magnitude and brilliance of their accomplishment becomes apparent. The provision of funds with which to establish a Blood and Plasma Bank, referred to by the President, deserves further and special comment. The need for such a Bank grew, not so much from the immediate requirements of our patients—for these were being adequately met through the Life Saving Fund—but from a desire to provide a large reserve of the life saving plasma, which will be needed should disaster strike our City. All of us hope and pray that the day will never come when catastrophe, resulting from enemy action, sabotage or accident, may bring hundreds of casualties to our Hospitals. But we must be prepared to meet that potential danger regardless of how remote it may seem at present. In accordance with plans now being formulated by the Civilian Protection Committee, The Jewish General Hospital will serve as one of several Base Hospitals for the treatment of civilian casualties. The availability of plasma is a vital part of the facilities necessary for the adequate treatment of such casualties and the establishment of the Blood and Plasma Bank is a most important wartime contribution. The Medical Library under the stimulation of the Auxiliary has grown considerably and its usefulness has been increased by the service of voluntary librarians recruited

through the Auxiliary. These are but a few of the many and distinguished contributions which the Auxiliary continues to make. I owe a debt of genuine gratitude and appreciation to Mrs. Alton Goldbloom, President of the Auxiliary, for her understanding co-operation and constant helpfulness. To the Chairmen of the various Committees, the Executive, the Board and membership at large, I can but extend my grateful thanks for their interest and help.

I should like to record my appreciation to the members of the Board of Administration and Board of Trustees for their co-operation. To you, Mr. President, I am deeply grateful for your wise and understanding counsel. In these difficult days of many problems, you have given me much encouragement by your stimulating advice.

As conditions imposed by war begin to impress themselves more deeply on our daily lives, the problems which confront our Hospitals become greater and more complex. The difficulty of securing adequate personnel is a problem which engages the attention of all Hospitals and has given us much concern. We are extremely fortunate to have been able to retain throughout this critical period, all our Department Heads. Through their deep sense of loyalty and devotion to duty, we maintained a high degree of efficiency in the face of many and disheartening hardships. I am happy of this opportunity to express publicly my sincere appreciation for the magnificent and commendable manner in which they have met every situation. To the many employees and staff members who have shared in assuming the greater responsibilities, I extend my grateful thanks.

A Hospital is primarily an organization of individuals who work together to a common end. Boards, executive and professional personnel, technicians, clerks, artisans of many types and many others who have a part in the manifold activities essential to the production of Hospital service, all share in rendering that service to the Community. The organization which we have built in a relatively few years, has withstood the critical test of functioning creditably under the most trying conditions. The Jewish General Hospital has fully measured up to its responsibilities and duties and has once again made a distinct contribution to the welfare of our City and the prestige of our Community.

Respectfully submitted,

SAMUEL S. COHEN,
Superintendent.

WOMEN'S AUXILIARY

REPORT OF THE PRESIDENT

JANUARY 7TH, 1942.

FELLOW-MEMBERS:—

Today the Women's Auxiliary records the completion of six years of service to the Jewish General Hospital. The examination of our contributions—both material and voluntary—during 1941 is cause for much satisfaction. While increased war service requirements made the task of maintaining our responsibilities more difficult, I am gratified to bring to your attention a record that is truly heart-warming. The belief that civilian health is a vital requisite towards maintaining a high morale and a victorious war effort is herewith effectively demonstrated.

When we examine our benefits to the hospital, we evaluate gratefully the devotion and generosity of all those who contributed to the sum total of our achievement. With a balance carried forward from 1940 and an income of \$12,317.59, our expenditure for the hospital of \$13,083.41 speaks impressively for itself. The complete linen requisition, including uniforms, entailed a cost of \$4,627.99. Our Life-Saving Fund made possible an outlay of \$2,890.95 for X-Ray equipment and radium; it also provided \$800 to purchase vitamins for the obstetrical clinics and \$260 for insulin at the rate of \$5 weekly. In addition the requisitions on the Fund for blood donors, oxygen, special nursing, special drugs, and emergency taxi service required \$1,932.52. We spent \$759.32 for an Electric Food Conveyor for the public wards which had been on order since 1940. \$207.53 went to the purchase of new dispensary bottles for clinic use, and we again contributed \$500 for the replacement of small instruments. Our Children's Nursery Fund provided a Resuscitator for new-borns at a cost of \$483.52, and further expended \$450 for nursery supplies and \$102.16 for layette needs. A new 1941 responsibility was the provision of a Medical Library Fund, which made available \$250 for new medical books.

Mrs. Allan Bronfman as chairman of our Life-Saving Fund gives a report that commands our unbounded admiration. During 1941 the support of one hundred and forty-one Patronesses contributed \$3,725 to the fund, to which was added \$279.25 in donations in commemoration of happy events, as Mother's Day tributes, and in honour of the memory of dear departed ones. The fund, as you have already noted, made payment of \$5,883.47 for X-Ray equipment, Radium and Life-Saving requisitions. Dedicated, without distinction, to the benefit of the non-paying patient and the provision of Life-Saving equipment, it is fulfilling its mission nobly. It is difficult for me to evaluate adequately the inspiration and interest which Mrs. Bronfman gives to this service. We give to her and to that fine group of women who have made this humanitarian service possible, our plaudits and heartfelt appreciation. Their names are recorded in that beautiful volume, maintained by Mrs. Bronfman as a tribute to their generosity. We are also indebted to Mr. and Mrs. Allan Bronfman for a charming "at Home" in honour of the Patronesses to the Fund.

Mrs. M. J. Raff, our membership chairman, reports that 1,768 membership dues and 40 associates were paid in 1941, and that 150 new members have already been added for 1942 as a result of an active membership campaign. Mrs. Raff's loyalty is exemplified by her faithfulness to the maintenance of a large paid-up membership. Her enthusiasm never lags nor does her understanding slacken regarding the value and need of our membership dues as our dependable source of income. Mrs. Raff's distinguished service remains one of the highlights of our contribution to the hospital. I am personally grateful to her for the inspiration of her constant reliability. She has truly earned our highest esteem and profound appreciation.

Mrs. David Tannenbaum has given faithful service to her responsibility as chairman of publicity. Her attention in keeping our work and meetings before our large membership through every avenue of publication is but an expression of her devoted interest. Our indebtedness must in addition include her maintenance of the Life-Saving Fund records. Mrs. Tannenbaum's many duties have also necessitated the sending of 150 letters. We offer to her the expression of our sincere regard for her dependability and devotion.

Mrs. S. Leopold and Mrs. H. Singer, as co-chairmen of money raising events, while not called upon for any major undertaking during the past year, have assisted in all our activities. We express appreciation to them for the splendid assistance given an event which added materially to our Medical Library Fund. I refer to the delightful dinner-dance given last June by Mr. and Mrs. Charles Rothman which made us the recipients of \$758. We are sincerely grateful to Mr. and Mrs. Rothman and to all those who contributed towards its splendid success.

Mrs. A. Raginsky, Sr., one of our vice-presidents for the past six years received the great distinction of being chosen head of Canadian Hadassah. We are proud of the honour conferred upon a member of our Executive. The position is making great demands upon Mrs. Raginsky's time and energy; it is that realization which has influenced our reluctant acceptance of her resignation. We would assure Mrs. Raginsky of our deep appreciation of her valuable advice and service. The knowledge that we may ever count on her interest and support in our welfare work for the hospital is very gratifying. On behalf of the Women's Auxiliary, we ask her to accept the expression of our warmest appreciation and grateful thanks.

Mrs. Victor Michaels, our treasurer, and Miss Dorothy M. Hart, our financial secretary, continue to handle our finances with an efficiency worthy of the highest praise. They have earned both our gratitude and admiration for the splendid care of our extensive accounts and records. It is such dependability that has made our voluntary service so valuable. The contribution made by Mrs. Michaels and Miss Hart commands our respect and very sincere appreciation.

Mrs. L. K. Freedman is ever responsive to all calls for service beyond her established duties as recording secretary. Her devoted loyalty is to the fore when-

ever the occasion arises. We are very appreciative of Mrs. Freedman's co-operation and extend to her our most grateful thanks.

Mrs. Z. I. Diner and Mrs. George Streat, our corresponding secretaries, have brought to their varied tasks an enthusiastic response and interest that has been most gratifying. They report four general, six board, seven executive and two inner executive meetings were held in 1941, all of which necessitated the sending of 9,625 notices. In this connection our grateful thanks are due to Mrs. Maurice Greenblatt and Mrs. Max Rabinovitch for addressing and handling our notices for general meetings. One hundred and twenty-two letters were sent arising from events associated with our organization. The response which Mrs. Streat and Mrs. Diner have made to all the duties assigned to them has made them a valuable part of our Executive. They are deserving of our hearty appreciation.

Mrs. J. Greenberg and Mrs. A. M. Wener, as co-chairmen of linen purchasing have had an extremely difficult task this year in filling the linen requisitions. With the prevailing restrictions in linen manufacture, it has meant an endless and intensive search for materials in order to meet the immediate needs. It is a problem being faced by all hospitals. The alertness and devotion of Mrs. Greenberg and Mrs. Wener has avoided an imminent shortage of supplies. For such faithfulness to duty and interest we are profoundly appreciative. We would herewith make acknowledgement to Mrs. Wener for the gift of a beautiful bookcase to the hospital as a tribute to the memory of the late Mr. Wener.

Mrs. J. Rubin and Mrs. J. Schulman record a fruitful year for the Children's Nursery Fund. They report 696 renewals of old members, 293 new members were added to their ranks and an income of \$1,014 was the result which included a much appreciated donation of \$25 from Camp Hiawatha. This permitted the expenditure of \$483.52 for a Resuscitator, \$450 for Nursery Drugs and supplies for the non-paying newborns, and \$102.16 for layettes. As membership for infants and children of all ages is but one dollar annually, it indicates the immensity of the task of the heads of this department. Mrs. Rubin and Mrs. Schulman have made a magnificent contribution to our united efforts and we owe to their enthusiasm and interest in their work a warm expression of appreciation. The success of the Children's Nursery Fund in itself brings to them the gratification of accomplishment. A special measure of thanks is due to Mrs. J. Goldenberg, Mrs. S. Richer and Mrs. H. Dobrin, the members of the board and others for the outstanding assistance given to this committee.

Mrs. Jack Klein, as chairman of layettes, has been responsible for attending to the requirements of this much appreciated service. Twenty layettes, consisting of 324 articles, were distributed during the year to needy mothers. We are indebted to many kind members for continuous knitting service throughout the year. Our expression of appreciation has been conveyed to them by letter. We assure Mrs. Klein that her interest in the babies is a very important contribution to the Women's Auxiliary service and we extend to her our many thanks.

Mrs. M. Gordon, chairman of the bottle and jar collection, has had to intensify her efforts in order to maintain at a high level this important welfare work

for the hospital. Established five years ago, it has provided notable contributions beyond the new dispensary bottles supplied for clinics. New operating room light fixtures and an emergency operating room lamp bear testimony to its value. Mrs. Gordon merits our highest praise for the results obtained in the face of tremendous difficulty. Her enthusiasm and interest is amply demonstrated by the following account. 2,778 calls were made in the collection of 124,746 bottles and jars. This realized a gross total of \$952.41, our cartage costs were \$272.98, leaving a net balance of \$679.43. We express our indebtedness to Mr. Maurice Browns for his continued interest in carrying half of the cartage expense. Those who give assistance and loyalty to this work are asked to accept our appreciation and urged to remain faithful to this important activity. We give assurance to Mrs. Gordon that her contribution is both valued and essential and calls forth our warmest appreciation.

The car service for outdoor patients under the supervision of Mrs. M. Segal, Mrs. I. Glickman, Mrs. B. Wigdor, and Mrs. A. Usher report that 131 patients received car transportation during the year which necessitated 240 calls. In consideration of the limited number of private cars available, owing to the conservation of gas, we are grateful to all who aided us in this much needed work. This assistance is appreciated by the poor patient and the hospital. To the ladies in charge we express thankfulness for making it possible for the poor sick patients to receive their much needed treatment. The coming year will of necessity see a restricted use of cars and the available service will be taken care of by Mrs. A. Usher. I am glad to report that the assistance of the other ladies is being utilized in other departments.

Mrs. S. Rubin, Mrs. S. Klein, Mrs. K. Druckman, Mrs. M. Messinger, Mrs. N. Viner, and Mrs. J. Rosenbaum report a very successful season for the surgical dressings groups. 292,681 dressings were made, 1,081 registrations were recorded making dressings and \$132.40 in tea money was collected. This service is a great aid to the hospital nurses and calls forth much appreciation from all concerned. To the chairman and their faithful followers I would convey the thanks and appreciation of the staff and the Women's Auxiliary. The voluntary contributions of tea money again made possible Chanukah toys and gifts to the children which gladdened all hearts. We are indebted to Mrs. Messinger and Mrs. Druckman for the splendid selection and purchase of the gifts. While we announce the retirement of Mrs. S. Klein and Mrs. J. Rosenbaum as chairmen of surgical dressings, we are happy that we will continue to have their active interest as Patronesses of the Life-Saving Fund. We extend a very warm welcome to Mrs. S. Held and Mrs. B. Wigdor who have taken over in their place.

Mrs. Philip Vineberg, as chairman of the medical library committee, heads this our new contribution in service for 1941. It has proved a most gratifying undertaking and has brought with it the stimulation of added support for and interest in the medical library. The additions in notable medical works which we donated at a cost of \$250 has undoubtedly increased the scientific value of the hospital library. Mrs. Vineberg reports that she and her assistants are maintaining a five and a half day service with voluntary librarians on duty between the hours of ten and

five daily, Monday to Friday, and ten to one o'clock on Saturday. A heartening result is noted in the greatly increased use of the library. The following donations for the purchase of medical books were received. Each gift bears a book-plate denoting the name of the donor and the occasion for which the gift was made. Grateful thanks and appreciation have been expressed to Mrs. S. Boulkind for \$5; Mrs. W. M. Cohene \$10; Mrs. Sarah Seigler \$7; Mrs. A. Hunter \$15. The Iota Chapter of Sigma Delta Tau Sorority donated \$125 to the hospital early in the year for the purchase of medical books. (Our Medical Library Fund benefited from the proceeds of the delightful dinner-dance given by Mr. and Mrs. Charles Rothman which I acknowledged earlier in my report.) The Medical Library committee has not only serviced the library but aided in compiling records for the hospital and the Women's Auxiliary. We would assure Mrs. Vineberg that she has taken her place amongst the valued departments established in the interest of hospital welfare, and we ask her to accept and to convey to her committee the assurance of our high regard and appreciation.

Mrs. Jack Fitch and Mrs. Ned Gross have given an excellent and dependable telephone service throughout the year for which we are grateful. I am also indebted to Mrs. Jack Fitch for handling the chairmanship of nominations so gracefully and efficiently.

Mrs. S. Hershon is deserving of our gratitude for an excellent clerical service throughout the year. Mrs. H. Levine is asked to accept our many thanks for maintaining our attendance records. And to Mrs. Mendel Segal I would express my appreciation for her helpfulness and co-operation in finding speakers for our meetings.

Our Board of Directors have given excellent support to the established services of the Women's Auxiliary. I would commend them particularly for assisting us in maintaining our large adult and nursery fund memberships. Without their valued help we could not present so impressive a record. Their interest and goodwill is one of our prized possessions. I would assure them that we are fully aware of those who are giving distinguished service. My only regret is that time does not permit me to mention them individually. They have the assurance of our highest esteem. It is with sincere regret that we accepted the resignations of the following members of our board for reasons of health, war service, and departure from our city: Miss Dorothy Fraid, Mesdames David H. Ballon, S. S. Cohen, M. Garfinkle, P. Garfinkle, L. Goldman, A. Hunter, M. Hyman, L. Jason, Bernard Lande, Michael Morris, Lionel Rose, Samuel Saxe, M. Segal, and Sarah Seigler. We extend to these ladies our sincere appreciation for their past service and we express the hope that they may find the leisure to join our ranks again in the near future.

It is with heartfelt sorrow that I record the passing of two valued members from our Board. Mrs. T. Percy Hirsch who founded our bottle and jar collection committee and Mrs. A. W. Jacobs. Both served us faithfully and well, and will ever be remem-

bered by their co-workers for their devotion to the needs of the hospital. Mrs. Hirsch's contribution will remain a monument in the work she established. Our profound sympathy is extended to all those who have suffered bereavement throughout the past year.

Messrs. I. Blackman & Co., our honorary auditors, are tendered a hearty vote of thanks for their fine service which is greatly appreciated by our Women's Auxiliary.

We acknowledge our indebtedness to the press whose aid in publicizing our meetings has been of inestimable value. Our sincere appreciation is herewith extended to The Gazette, The Montreal Daily Star, The Canadian Jewish Chronicle, The Canadian Jewish Review, The Jewish Daily Eagle, The Westmount Examiner, The Monitor, The Standard, The Montreal Herald and Burnett's Town Crier.

Mr. Allan Bronfman, president of the hospital, and Mr. S. S. Cohen, the superintendent, merit my hearty appreciation in helping to solve the many problems that have arisen. I would ask them to accept my grateful thanks.

I take this opportunity of thanking Distillers-Corporation and the Montefiore Club for the use of their rooms. Their ready courtesy is very much appreciated.

It was our good fortune to have prominent guest speakers grace our platform throughout the year. Each in turn presented a highly informative and timely topic. Lt.-Col. Wilfrid Bovey spoke to us on "A New Step in Education"; The Right Rev. Arthur Carlisle, Bishop of Montreal, gave us an inspirational address on "The Things We Ought To Do"; Mr. Corey Thompson addressed us on "Conservation"; and Dr. George Stephens, superintendent of the Royal Victoria Hospital informed us on "Group Hospitalization". Our Board Meetings were given stimulation by brief talks from the chiefs of the Medical Staff who told us of the benefits of our aid.

Time does not permit me to do justice to the many who have contributed to the sum total of our achievement. We are grateful for all service and contributions, small or great, that have benefited both patient and hospital. I would here pay tribute to our large membership, whose support, goodwill, and understanding has given vitality to our undertakings and encouragement to those of us who have carried a heavy burden of responsibility. In our united and co-operative efforts we have perhaps in a small way given added significance to the humane emotions that permeate the Women's Auxiliary.

The loyalty and unfailing response I have received at the hands of my associates have given me encouragement and inspiration to carry on. I am deeply grateful for their goodwill and understanding.

Respectfully submitted,

ANNIE E. B. GOLDBLOOM,

President,

Women's Auxiliary,
Jewish General Hospital, Inc.

LIST OF GOVERNORS - 1941

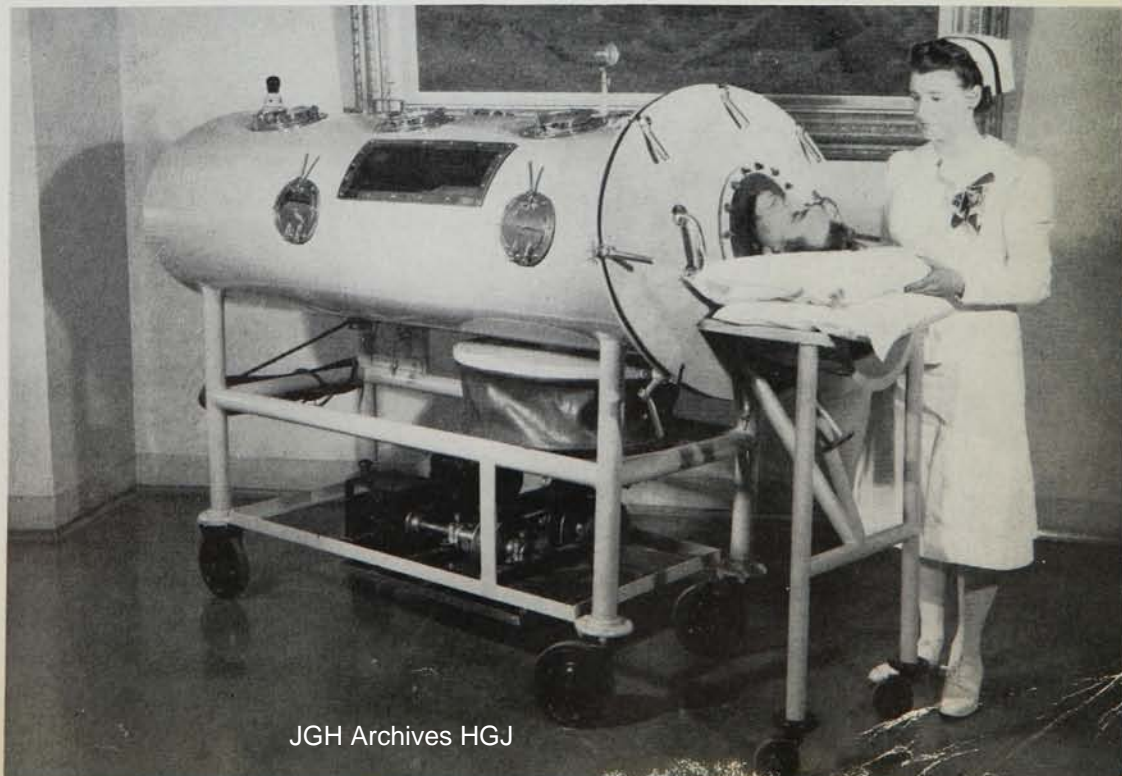

NOTE.—Contributions listed are those received during the Hospital Campaign held early in 1941. Contributions made in the Combined Jewish Appeal conducted later in the same year, will be published in the Annual Report for 1942.
