- b) Oncology referrals
- c) Infectious disease referrals
- d) Rheumatology referrals
- e) Herzl family medicine referrals
- f) CLSC referrals

It is the busiest hospital clinic at the Sir Mortimer B-Davis at the Jewish General Hospital with the most patient visits per capita of physicians

Introduction

Clinical Services

Within the hospital on a daily basis

Clinical Activities

Dr. R. Billick Private Office

Total Visits: 7922

Basal Cell Carcinoma: 280

Squamous Cell Carcinoma: 118

Melanomas: 31

MOHS Surgery: 38

Total Biopsies: 1445

Clinics visits:

Residents' Clinics Supervised by Dr. Billick): 675

CTL Clinic Supervised by Dr. Pehr: 202

Dr. R. Billick's clinic: 3353

Dr. K. Billick: 143

Dr. Nguyen: 193

Dr. Pehr: 709

Dr. Potoker: 457

Dr. Roshdy: 9257

Dr. Rubinstein: 2739
Dr. Singer: 462
Dr. Yanofsky: 848

Total Clinic Visits: 19039

Dr. Thomas Kohn, Dr. Manish Hanna and Dr. Genevieve Fortier-Riberdy do not participate in the Dermatology clinics.

1. Research and publications:

Dr. Roshdy has received a clinical research award from the Jewish General Hospital Department of Medicine. The Division of Dermatology gets no secured grants or funding from any source.

2. Teaching and learning (undergraduate and graduate):

There are 14 full-time McGill dermatology residents who rotate through dermatology and dermatological oncology on a regular basis.

There were 86 electives, including family medicine, internal medicine and medical students and 1 fellowship. They work fulltime and are taught on every clinical and cosmetic case seen, 50 hours per week, X 46 weeks per year, for a total of 2300 hours.

Participation in the lecture series "Introduction to Clinical Sciences" (2nd year McGill medicine) is a regular event; Dr. Billick, Dr. Singer and Dr. Pehr participate. Second year medical students, rotate through the Division of Dermatology in their introduction to medicine and 3rd and 4th year medical students do electives and a re-introduction to office practice. The total amount of students per year that attend these sessions is approximately 120 per year.

Elective students participate in a 1 month rotation in the Division of Dermatology (sometimes this is shortened because of other commitments). The total numbers of electives students and medical residents is approximately 90.

The total numbers of clinical teaching hours for both residents and students mixed, out patient department is: 30 hours per week X 45 weeks equals 1350 hours.

The total number of consultations is at least 10 consultations per day now, 5 days a week that is 50 consults, 52 weeks, at least 2600 consults for the year from other referring physicians.

Teaching Herzl and CLS Family Medicine residents basic dermatology

Teaching medical student electives and teaching visiting physicians/dermatologists surgical and technical skills.

Jewish General Hospital Inter-Hospital Dermatology teaching conference 2 times per year (5 hours).

3. Involvement in the community:

Psoriasis “Talk To Patients” 7 to 9:30 PM on Tuesday, October 29th 2013

4. Partnerships:

The Division of Dermatology works in close collaboration with McGill University molecular biology laboratory on research projects

5. Milestones:

There have been no changes in staffing in the past year.

6. Honours, awards, and prizes: None reported

7. Fundraising: None
