

Annual Report
Division of Dermatology
Department of Medicine - Jewish General Hospital
January 1 - December 31, 2016

SUMMARY

The Division of Dermatology has continued to see an increasing number of patients visits in consultation, from:

- Emergency room referrals
- Oncology referrals
- Infectious disease referrals
- Rheumatology referrals
- Herzl family medicine referrals
- CLSC referrals
- Referrals from other hospitals as MUHC and CHUM who have closed their dermatology outpatient services

The Jewish General Hospital dermatology clinic is one of the busiest hospital clinics at the Jewish General Hospital with the most patient visits per capita of physicians. It is the busiest and most productive of all dermatology clinics in the province of Quebec.

Introduction

Clinical Services

Within the hospital on a yearly basis:

Clinical Activities

Pathology Cases
Total Cases received: 2788

BCC & SCC Clinic total: 702

MELANOMAS Clinical total: 62

MOHS Surgery Oncology Derm:
Total cases: 1947

Clinics visits:

Dr. R. Billick Private Office Total Visits: 6849

Clinic Total visits: 24,244

Residents' Clinics
Supervised by Dr. Billick):
Total visits: 1232

1. Research and publications

Dr. Roshdy has received a clinical research award from the Jewish General Hospital Department of Medicine. The Division of Dermatology gets no secured grants or funding from any source.

2. Teaching and learning (undergraduate and graduate)

There are 14 full-time McGill dermatology residents who rotate through dermatology and dermatological oncology on a regular basis.

There were 86 electives, including family medicine, internal medicine and medical students and 1 fellowship, and there are daily 4th year residents reintroduction to clinical practice. Residents and students work full-time and are taught on every clinical and cosmetic case seen, 50 hours per week, 46 weeks per year, for a total of 2300 hours of teaching.

Participation in the lecture series "Introduction to Clinical Sciences" (2nd year McGill medicine) is a regular event; Dr. Billick, Dr. Singer and Dr. Pehr participate. Second year medical students, rotate through the Division of Dermatology in their introduction to medicine and 3rd and 4th year medical students do electives and a re-introduction to office practice. The total amount of students per year that attend these sessions is approximately 120 per year.

Elective students participate in 2 weeks to 1 month rotation in the Division of Dermatology (sometimes this is shortened because of other commitments). The total numbers of electives students and medical residents is approximately 90.

The total numbers of clinical teaching hours for both residents and students mixed, outpatient department is: 30 hours per week X 45 weeks for a total of 1350 hours.

The total number of consultations is at least 10 consultations per day now, 5 days a week that is 50 consults, 52 weeks, at least 2600 consults for the year from other referring physicians.

The Division participates in teaching basic dermatology to Herzl and CLSC Family Medicine residents as well surgical and technical skills to basic dermatology.

The Division provides teaching of surgical and technical skills to medical student electives and visiting physicians/dermatologists.

Jewish General Hospital Inter-Hospital Dermatology teaching conference takes place 4 times per year for a total of 4 hours of inter-hospital teaching.

3. Involvement in the community

Psoriasis "Talk To Patients" 7 to 9:30 PM on Tuesday, yearly, with Dr. H. Yanofsky and Dr. R. Billick

4. Partnerships: None

5. Milestones:

There have been no changes in staffing in the past year.
