

Annual Report
Division of Allergy and Clinical Immunology, Department of Medicine
Sir Mortimer B. Davis - Jewish General Hospital
April 1, 2006 - May 31, 2007

I. Highlights

There are combined Rheumatology Immunology Rounds on Tuesday afternoons from 3:30 to 5:00. There is an Allergy Clinic 4 ½ days a week. There is a Nasal Clinic run jointly by Allergy and ENT every one to two weeks specializing in allergic sinusitis. There is an Allergy and Immunology Journal Club every Friday morning at the Montreal General Hospital. There are 5,000 out patient visits per year at the allergy clinics. There is also a consult service for in patients on an ongoing basis.

II. Evaluation of past academic year

a) Faculty: There have been no changes during the past year.

b) Teaching Activities:

All teaching is done by Dr. Small including attending on the CTU, office teaching with residents and students, lectures within the Department and outside the Department including the University. Dr. Small participates in the undergraduate teaching program in Immunology at McGill and usually lectures at the Thursday night lecture series at the Medical School. He participates in a number of teaching programs both at the Provincial and National level.

Teaching Program at McGill:

- total teaching hours: CTU: 150, OPD: 100, Consults: 25.

c) Accomplishments:

- Co-Director – National Guidelines for Upper Airway Diseases, sponsored by the Canadian Society of Allergy and Clinical Immunology and the Canadian Otolaryngeal Society.
- Examining Board- Allergy and Immunology - Quebec
- Participation in many symposia and other educational forms specifically involving rhinosinusitis in the development of Canadian guidelines in this area and involvement in multiple seminars with both specialists and family physicians in the area of allergy and clinical immunology.

III. Objectives and Priorities

There will be a more comprehensive teaching and research program in the Division. Recruitment is the most important priority.

Sincerely,

Peter Small, MD, FRCPC
Chief, Division of Allergy & Immunology
