

Centre Miriam Users' Committee

Invites You To Attend

The Annual General Meeting 2026

**Presentation of the Users Committee activities
and Centre Miriam programs, presented by their teams**

Steven Atme, KoC

Guest Speaker - Performer

Neurodiversity Advocate | Musician | Creative Arts Educator

Steven Atme is a musician, creative arts educator, and neurodiversity advocate. Diagnosed with autism at a young age, Steven transformed his passion for music into a professional career, earning a scholarship and certification from McGill University's Conservatory of Music. He performs and speaks to audiences with and without disabilities, inspiring inclusion, creativity, and self-belief. Steven has released original music and has been nationally recognized for his advocacy, including performing at Rideau Hall alongside Canada's Governor General.
